## Welcome to the Causeway Coast and Glens Delivery Plan 2017 to 2030

Our aim is to help the community work together through this plan.

The creation of this plan has been going on for the last two years and has been working towards three main outcomes.

We want to make sure Causeway Coast and Glens Council area is:

**A Healthy Safe Community** where people can live and work and enjoy access to activities which benefit their physical and mental health.

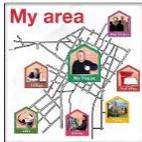

**A Sustainable Accessible Environment** which attracts visitors and makes them feel welcome through accessible transport, good quality buildings and safe streets which are looked after for all those who live, work and play here.

**A Thriving Economy** where people can be the best they can be and have better jobs

## What is a Delivery Plan?

A Delivery Plan:

- Identifies local problems and opportunities;

- Sets out our hopes for the future;

- Prepares a plan of action to get us there.

We want the Causeway Coast and Glens area to be the very best that it can be.

Our Delivery Plan sets out our hopes for the future with a clear plan on where we want to be **by 2030** and how we are going to get there.

## Who is involved in the plan?

The plan was developed by going out and talking to lots of different people who live and work in the area and organisations who are based here. We held lots of different events to hear what you thought!

Organisations from the public, private and voluntary sectors have come together to develop the plan.

The Partnership is a group of 14 organisations including:

|  |  |   |   |   |
|--|--|---|---|---|
| <p>Council</p>             | <p>Schools</p>     | <p>Health Services</p>  | <p>NI Fire and Rescue Services</p>  | <p>Library Service</p>  |

These organisations will work together to plan and put in place services that make our lives better and meet our Community's needs.
