4. NORTHERN IRELAND AUDIT OFFICE (NIAO)

**4.1 NIAO CAUSEWAY COAST AND GLENS BOROUGH COUNCIL
AUDIT STRATEGY 2019-2020**

Report previously circulated, presented by C Kane, the 2019-20 Audit Strategy in respect of the Council's Statement of Accounts, Proper Arrangements and the Improvement Audit.

The Audit Strategy is intended to provide the Council with a clear understanding of how NIAO plan to carry out its audit. It gives a summary of the purpose of the audit, NIAO audit approach, the risks NIAO have identified that could impact on the audit opinion and other matters of interest. NIAO report also provided an explanation of the concept of materiality and how it impacts on the audit.

C Kane drew Committee's attention to the following pages within the report:

- Page 6, the overall 'materiality' calculation of £1.1m is based on 2018/19 gross expenditure of £78m, with an error reporting threshold of £11,000 for all adjusted or unadjusted misstatements.
- Page 7, the NIAO are Independent of Council and have required quality standards, how the NIAO manage personal data and liaison until complete;
- Page 9, As part of NIAO's work to develop its audit plan, NIAO have identified the following significant risk of material misstatement and provided the approach to address these risks: Financial Position - The Council's Gross Expenditure exceeded Gross Income in 2017-18 and 2018-19 resulting in a Deficit on the Provision of Services in both years, leading to a reduction in the Council's Reserves (General Fund). The Council's 2018-19 Annual Report and Accounts indicated that the Reserves would reduce further in 2019/20 to £1.382 million and that officers would bring recommendations to Council in order to reduce the need to utilise reserves. It is likely that the Covid-19 pandemic will also impact on the Council's financial position. C Kane advised of the Audit Response, An adequate level of usable reserves is essential to ensure that the Council can manage its commitments. NIAO will review what action has been taken by the Council to manage its financial position in 2019-20. This review will include consideration of the budget setting process and the adequacy of financial information provided to Officers and Members for monitoring of spend against budget to inform decision making.
- NIAO will review the Council's assessment of the impact of the Covid-19 pandemic on its financial resilience and its impact on the LGA's audit opinion
- In addition to the significant risk NIAO have identified above, it has also identified a number of other risk factors. NIAO do not consider these to represent a significant risk of material misstatement in the financial statements but are matters which

- we will continue to monitor and respond to as appropriate throughout the audit. These areas include:
- Procurement – In previous audits NIAO have raised issues in relation to purchase ordering and procurement. NIAO noted that purchase orders were raised after the goods were invoiced. In addition, procurement procedures had not been followed, including the completion of direct award contract documentation. NIAO will review the Council's new electronic purchase order system and examine a sample of contracts awarded in year, including direct award contracts;
 - Land and Property Registration - In previous audits NIAO identified that 80 percent of Council land and property not being registered. NIAO will review the progress made by the Council in the registration of land and property;
 - Page 11, Financial Audit and Proper Arrangements Timetable Audit Timetable, changed in light of Covid, deadline for delivery and audit changed and is now 31 December, submission of Accounts 31 August, with the requirement for an Audit Committee early December;
 - Page 13, Improvement Audit and Assessment Timetable, timetable for the performance improvement audit and assessment will be agreed with management once the Department for Communities has undertaken its assessment of the impact of the Covid-19 pandemic on Councils' ability to comply with their performance improvement responsibilities.

C Kane invited questions from committee.

Councillor Quigley stated she required clarification of terminology within the report for example page 4 of the Audit Strategy refers to qualitative and quantitative aspects and sought Finance training. Councillor Quigley stated she was not comfortable accepting a report that had not looked at the past and required an update position on the, 'Call In'.

C Kane provided an explanation surrounding the materiality test, qualitative and quantitative issues that are not determined by the test.

The Director of Corporate Services advised a Legal Opinion on the, 'Call In' regarding the Forensic Audit, would be brought to 7th July 2020 Council Meeting.

Councillor P McShane stated he wished to move, 'In Committee', and that Senior Executive Management not be involved in discussion.

MOTION TO PROCEED 'IN COMMITTEE'

AGREED – to recommend that Committee move, 'In Committee'.

- **Director of Corporate Services left the meeting at 7.15PM.**
- **Performance and Transformation Officer left the meeting at 7.15PM.**

Councillor P McShane addressed C Kane, he stated within the Audit reports last year, there were control issues regarding procurement. Lands sold at low prices and the figure had been known up to four years previous. Councillor P McShane advised a Solicitor had brought the matter to the attention of the Chief Executive and Senior Executive Officer and it had been downplayed. Councillor P McShane stated there were significant issues in relation to governance, fraud and error of £1.9M.

Councillor P McShane addressed C Kane, he sought further explanation of the £1.17M threshold.

C Kane further clarified, errors over £11,000 on the 2019/20 financial statements would be brought to attention, she clarified the report presented was on work due to commence.

Councillor P McShane stated on 24 October, he had requested detail of known costs within the PWC observations report and a list of the coding errors in Council and had not received a response.

C Kane responded, referring to Page 9 with the report, significant risk was Council's financial position, financial management carried out in Council, C Kane confirmed the PWC report and CIPFA work undertaken would form part of the Audit and would conclude after the process.

Councillor P McShane stated he had received information in response to a Freedom of Information request in relation to correspondence received by the NIAO by Senior Management within the Council, at 4.24PM earlier in the day and stated concern as to how Council was operating.

Amendment

Proposed by Councillor P McShane

Seconded by Councillor C Mc Laughlin

- to recommend that Council defer consideration for 2 weeks and return to consider the document in due course.

Councillor Mulholland sought clarification of Page 9 within the report; under Significant Audit Risks and as to how timely management accounts were being presented.

C Kane stated that under ISA 240, there was presumed risk arising from management override of controls, this could be a risk, exercised control and statement in accounts, random testing would try and determine any potential risk of that and (2) presumed risk of fraud revenue, a lot of cash means the potential for a higher risk of fraud, the focus would be on income generation areas to look at fraud.

The Director of Corporate Services advised P12 draft management accounts would be presented to the Finance Committee on 30th June, due to Covid payment processing and invoicing, there were delays finalising invoices and accruals.

The Chair put the Amendment to the committee to vote.
8 Members voted For; 7 Members voted against.
The Chair declared the Amendment carried.

There are significant weaknesses within the governance, risk management and control framework which, if not addressed, could lead to the system objectives not being achieved.

Due to the pressure of Covid on ICT, 10 responses were outstanding and would be followed up for in advance of the September Audit Committee meeting.

The Director of Corporate Services referred to the Report to Those Charged with Governance, she stated there had not been enough progress made within budgetary control. Training and Development was required for Supervisors and Managers for timely information and input of financial information, additionally, in two years' time the current financial system would not be in place and a procurement exercise would be required.

The Director of Corporate Services advised that these were being dealt with on a priority basis, with highest value income properties progressed first, and outlined the workload of the Land and Property team.

Councillor McMullan commented on the issue of procurement and leasing. The Director of Corporate Services advised at a recent Environmental Services meeting an analysis had been presented of hire versus purchase.

8. DIRECT AWARD CONTRACTS

Report previously circulated, presented by the Director of Corporate Services.

Causeway Coast and Glens Borough Council approved an updated Procurement Policy in March 2019.

The new policy addresses a number of recommendations that had been made in reference to the old policy. One such recommendation was the inclusion of guidance around single tender actions or Direct Award Contracts (DAC). The policy gives guidance and sets out a procedure to follow in such circumstances.

DAC Process

In all cases where council staff are considering the use of the award of a contract without competition, they must seek guidance from the procurement officer before proceeding as such an approach will be easily challenged in the courts unless rigorously supported by appropriate documentation and completed in accordance with the legislative requirements.

Authorisation required

When a member of council staff has spoken with the procurement officer - and discussed all the alternative options available - and wishes to proceed with the award of a contract without competition the staff member should seek approval of their approach from the Senior Management Team before seeking Council approval to award.

A detailed report should be completed by the member of staff requesting the contract award explaining their rationale and the consideration given to all alternative options in conjunction with discussions between the staff member and the procurement officer. The template provided in Annexe 6 – Direct Award Contract Form should be fully completed by the member of staff requesting the contract award.

Once completed, this document will require authorisation from the Senior Leadership Team before proceeding to the relevant committee for consideration. Upon agreement from the Council the staff member should

contact the procurement officer to assist with the contract award to the chosen supplier.

DAC Approvals

The purpose of this short report is to inform members of those DAC's which have been approved since 2 December 2019 and these are listed below, it should be noted that none of these required Council approval at the point of award:

Councillor Mulholland questioned why Direct Award Contracts did not require Council approval. Councillor Mulholland requested the name of the Individual referred to anonymously in the List provided. Members commented that the DAC's were all from the one department.

The Director of Corporate Services advised she would investigate and provide the detail.

9. ABSENCE REPORT MONTHS 1-12 2019/2020

Report previously circulated, presented by the Director of Corporate Services, to provide Members with Quarter 4 or full year (April-March 2019/2020) information regarding Absenteeism throughout the Council.

Absenteeism within the Council is closely monitored and reviewed in accordance with Policies and Procedures, and in line with NJC Terms and Conditions.

ODHR Business Partners work closely with each of the Directorates, Managers and Supervisors to assist and support through a range of preventative proactive measures alongside the reactive including referrals to Occupational Health, absence review meetings, referrals for Ill Health Retirement.

It is recommended that Council notes the report presented.

Councillor McQuillan questioned what was being done regarding the levels of stress and depression evident within the Council building. Councillor McQuillan stated he was aware of a member of staff whom had been unduly loaded with work, he commented it was a very serious situation.

The Director of Corporate Services concurred, the environment was very difficult to work within at all levels, there were budget challenges

and manpower planning challenges. She advised Senior Leadership Team were looking at the issue and a report would be brought to the next meeting.

Councillor Anderson questioned what initiatives and counselling support were put in place to alleviate stress?

The Director of Corporate Services summarised employees positions in relation to home working, which worked well for some employees and for others their stress had become worse in the period of uncertainty. She advised remote access and support were offered including Inspire Online support and face-to-face support. The Director of Corporate Services confirmed the absence figure did not include Agency staff and agreed that further analysis would be carried out in relation to the breakdown of work related stress and non-work related.

10. PERFORMANCE

12. CORPORATE RISK REVIEW WITH CORPORATE RISK MATRIX

Confidential report previously circulated, presented by the Audit, Risk & Governance Officer.

The emergence of the pandemic disease has increased demand on key Council services and will have an impact on the financial and service planning within the Council. This has had a profound impact on the key risks facing the Council. This report compares the March risk register to the June risk register documenting the escalation of some risks whilst other risks facing the Council are unlikely to materialise.

Background
