## **FOR DECISION**

### **1.0 Detail**

- 1.1 It is a statutory requirement for the Council to prepare a Local Development Plan (LDP) and to prepare, and keep under review, a timetable for the preparation and adoption of the LDP. The timetable must include indicative dates for each stage of the LDP preparation.
- 1.2 Guidance set out in Development Plan Practice Note 03: Timetable (DFI: April 2015) also advises that “Any revisions to the timetable should state the plan preparation progress to date, what remains to be completed, reasons for slippage of the timetable, and the implications this may have for the subsequent stages of plan preparation. This detail was omitted from the draft Timetable agreed at the February 2021 Committee Meeting. The timetable has now been updated to reflect this (at Section 6), and to amend dates throughout the document, where required, due to this revision. The amendment also adds “pandemic” to the risk management log at Table.1.

### **2.0 Recommendation**

- 2.1 **IT IS RECOMMENDED** that Members agree to the Draft Revised LDP Timetable attached at Appendix 1.

March 2021

## 1.0 Introduction

1.1 The purpose of this timetable is to set out the key stages and the indicative timescale for the production of the Causeway Coast and Glens Borough Council Local Development Plan (LDP) 2035. It meets the requirements of the Planning Act (NI) 2011 and the Planning (Local Development Plan) Regulations (NI) 2015, which require Council to prepare, and keep under review, a timetable for the preparation of its LDP. It has also been prepared within the context of the Council's Strategy and Community Plan.

1.2 The timetable was approved by the Council and agreed with both the Department for Infrastructure (DfI) and the Planning Appeals Commission (PAC) and is a public statement of the Council's commitment to the efficient management of its LDP process, giving certainty to key stakeholders and consultation bodies in managing their own resources to facilitate their participation in the LDP process.

## 2.0 Purpose of the Local Development Plan (LDP)

2.1 The purpose of the Causeway Coast and Glens LDP is to inform the general public, statutory authorities, developers and other interested parties of the planning policy framework and land use proposals that will guide development decisions in this Borough up to 2035.

2.2 The LDP will set out a clear vision for how the Borough should look in the future by deciding what type and scale of development should be encouraged and where it should be located. It will ensure that lands are appropriately zoned and that our infrastructure is enhanced to develop the area for future generations.

2.3 The LDP will take account of the regional policy context set by the Northern Ireland Executive and Central Government Departments. This includes, amongst others, The Programme for Government; The Sustainable Development Strategy; The Regional Development Strategy (RDS) 2035; and The Strategic Planning Policy Statement (SPPS).

2.4 When adopted, the LDP will replace the current Plan covering the Borough, the Northern Area Plan (NAP) 2016. It will be produced in two stages, as follows:

- **The Plan Strategy** – this is the strategic policy framework for planning in the Borough. It will cover a wide range of topics and outline the Council's vision for the Borough. It will also state the aims; objectives; international and national environmental designations; overall growth strategy; and generic planning policies applicable to the Borough. This will ensure strategic direction early in the LDP process, providing a level of certainty on which to base planning decisions as well as the necessary framework for the preparation of the next LDP document, the Local Policies Plan.
- **The Local Policies Plan** – in contrast this document will contain the site-specific policies and proposals associated with settlement development limits, land use zonings and local environmental designations required to deliver the Council's vision as set out in the Plan Strategy.

### 3.0 The Timetable

3.1 The LDP Timetable provides indicative timeframes for the key stages and associated documents to be published in the production of the Plan. These are set out briefly below. The indicative timetable is set out in Appendix 1.

- **Statement of Community Involvement in Planning (SCI)** - This document sets out how the Council intends to engage with the local community, stakeholders and Government Departments during the preparation of its LDP.
- **Preferred Options Paper (POP)** - This is a public consultation document which will indicate the key plan issues for the Borough and the Council's preferred options to address them.
- **Draft Plan Strategy** - The Draft Plan Strategy is a public consultation document which will set out the Council's strategic intentions regarding the future development of the Borough.
- **Independent Examination (IE) of Draft Plan Strategy** - This will be held to determine the 'soundness' of the Draft Plan Strategy, taking into account any representations or counter representations received. An Advisory Report of the findings arising from the IE will be issued to Dfl.
- **Binding Report on Draft Plan Strategy** - Following consideration of the Advisory Report, Dfl will issue a Binding Report to the Council.
- **Adoption of Plan Strategy** - The Plan Strategy will be formally adopted by the Council.
- **Draft Local Policies Plan** - The Draft Local Policies Plan is a public consultation document which will contain the Council's detailed land use policies and proposals regarding the future development of the Borough.
- **Independent Examination (IE) of Draft Local Policies Plan** - This will be held to determine the 'soundness' of the Draft Local Policies Plan, taking into account any representations or counter representations received. An Advisory Report of the findings arising from the IE will be issued to Dfl.
- **Binding Report on Draft Local Policies Plan** - Following consideration of the Advisory Report, Dfl will issue a Binding Report to the Council.
- **Adoption of Local Policies Plan** - The Local Policies Plan will be formally adopted by the Council.

- **Monitoring & Review of LDP** - The LDP will be monitored annually and reviewed every 5 years.

#### 4.0 Assessments

4.1 The Council will carry out a number of assessments alongside the preparation of its LDP.

- **Sustainability Appraisal (SA)**. This will be undertaken to help the Council assess the sustainability of the LDP policies and how the Plan will contribute to the achievement of sustainable development, with regard to social, environmental and economic factors. The Council's Strategic Environmental Assessment (SEA) will be incorporated into its overall SA document.
- **Habitats Regulation Assessment (HRA)**. This will consider the potential impact of the Plan's policies and proposals on designated nature conservation sites.
- **Equality Impact Assessment (EQIA)**. This will assess if the Plan is likely to impact adversely different sections of the community and if so, the mitigating measures required.
- **Rural Impact Assessment**. This will be undertaken to help the Council assess the impact a new policy might have on the people in the rural area.

#### 5.0 Delivery of the LDP

5.1 Meeting the revised timetable is dependent upon Member involvement and risk management. The steps below will be used to ensure, as much as possible, that the timetable is met:

- A Steering Group has been established in line with our "Statement of Community Involvement in Planning (SCI)". It comprises members of the Council's Planning Committee and the Head of Planning. Key council officials will also be invited to attend this high-level co-ordinating body, which ensures oversight and strategic input on behalf of the whole community, as well as from planning professionals.
- Our Elected Members will continue to be presented with discussion papers and attend workshops to keep them informed of key planning topics, issues and findings as they emerge.
- Members will be presented with 6-month LDP Work Programmes outlining the (high level) work areas to be covered and corresponding indicative dates. This will continue throughout the LDP process.
- A Project Management Team has also been established in line with our SCI. It comprises Elected Members (party leads), senior council officers, the Local Development Plan Manager, key stakeholders and government departments. The team facilitates key consultee co-operation in our plan-making process.

5.2 There are also a number of factors lying outside the Council's control, which could potentially impact on the Council's delivery of the LDP. These are set out in Table 1:

**Table 1: Risk Management Log**

Issue	Risk	Likelihood	Impact	Mitigating Action
Member Involvement	Medium	Unlikely	Significant delay	Ensure on-going Member engagement.
IT Failure/Data disclosure	High	Likely	Significant delay	Ensure adequate storage capacity and systems in place to regularly backup data. Ensure robust security measures in place for LDP data, including the watermarking of documents.
Consultancy or Specialist input	High	Likely	Significant delay	Scoping of work to identify specialist or technical input (skills and expertise) required. Develop staff skills and competencies. Use of external consultants to support the Team.
Competing Work Priorities	High	Likely	Significant delay	Corporate commitment to adequately resource the LDP work. Recognition that the LDP is a high priority.
Volume of work – LDP programme too ambitious	Medium	Likely	Short term delay	Robust scoping of work required. Sound project planning with realistic and flexible timescales. Careful monitoring of progress.
Financial resources	High	Highly Likely	Significant delay	Ensure the Timetable informs the Council's short and medium term financial plan.
Amount of representations received & resultant workload	Medium	Likely	Significant delay	Outside the Council's control.
Consultee and stakeholder involvement – multiple LDP's across NI	Medium	Likely	Significant delay	Liaise regularly with relevant agencies.
PAC involvement (IE and Advisory Report)	Medium	Likely	Significant delay	Outside the Council's control. However, liaise closely with the PAC.

Dfl involvement (Binding Report)	Medium	Likely	Significant delay	Outside the Council's control. However, liaise closely with Dfl.
Tests of 'Soundness'	Very high	Likely	Major delay/failure to prepare LDP	Ensure robust evidence base to support decisions. On-going liaison with PAC & Dfl.
Legal Challenge	Very high	Likely	Long term delay. Possible failure to prepare LDP	Ensure robust evidence base to support decisions. On-going liaison with PAC & Dfl. Meaningful consultation and on-going legal audit.
Changes to regional policy, legislation and guidance	Medium	Highly likely	Significant delay	Carefully monitor changes. Early and on-going engagement with the PAC & Dfl and legal audit.
Pandemic	High	Likely	Significant delay	Outside the Council's control. Must work within government/public health guidelines.

5.3 Annual Monitoring of both the LDP Steering Group and Project Management Team will be undertaken to assess the progress in meeting its LDP Timetable. In the event that progress is not in line with the timetable, Council has the power to publish a revised timetable.

## 6.0 Progress

6.1 The Council published its original SCI and LDP timetable back in 2016. The Preferred Options Paper (POP) was published in 2018 and the Council has considered the representations received during the consultation period. The suite of topic-based discussion papers, etc that accompanied the POP are being updated.

6.2 Government restrictions imposed in response to the COVID-19 pandemic have impacted on council working practices, including its LDP preparation. This resulted in a postponement of LDP Workshops and Project Management Team meetings, as well as site visits required to inform the Draft Plan Strategy preparation. Restrictions arising from the government's "Stay at Home" message also impacted on staff accessing the Council offices.

6.3 In addition to the above issues, given the time that had passed since the publication of the POP, a number of reports required updating to ensure a robust and up to date evidence base. This has implications for subsequent stages of the LDP (Plan Strategy and Local Policies Plan) publication dates of which are now as per the indicative dates set out in the revised timetable (Appendix 1).

\* **Definitions:** See table below.

\*\***Indicative dates:** These will be reviewed regularly and reported on annually. Please note that these dates may be affected by other internal/external factors.

\*\*\* **Focussed Changes:** this new (non-statutory) stage of LDP preparation has not been taken into account in the indicative dates specified in Appendix 1. Therefore, if the Council considers it necessary to carry out this additional stage, a revision to the LDP Timetable may be required.

**'Soundness'** Whilst the term 'sound' is not defined in the Planning Act (NI) 2011, it may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted' and within the context of fulfilling the expectations of legislation.
