# Foreword

**Welcome to the Northern Ireland Housing Executive's Housing Investment Plan, which reports on progress made over the past twelve months and sets out our ambitions for the coming year.**

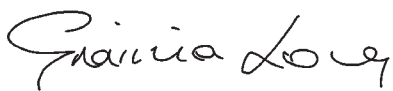

- While the external environment in which we operate remains challenging, the majority of last year's targets have been met, or exceeded. NIHE has invested more in our tenants' homes, over the past 12 months, than in any of the previous 15 years. This demonstrates our commitment to improving the health and well-being of our tenants by keeping their homes safe, warm and dry.
- In partnership with housing associations, through the Social Housing Development Programme, we facilitated 1,956 new build social housing starts across Northern Ireland.
- We expanded our Financial Inclusion Service to ensure as many tenants as possible had access to the right kind of financial advice.
- We made significant progress in implementing our Sustainable Development Strategy; growing the number of homes benefitting from retrofitting, and expanding our tree planting programme to improve climate adaptation across Northern Ireland.

This Housing Investment Plan demonstrates how we are working as a partner to deliver Community Plans. We continue to engage with Community Planning partners to deliver housing outcomes. The plans also reflect the objectives set out in our own Corporate Strategy:

- A significant shift towards sustainable development – locking us on a path to decarbonising our homes and protecting our assets and our tenants;
- Putting us in a position where we can borrow to build and to invest – and building our capacity to do so;
- Extracting social value from our spending power – delivering local inclusive economic development, by investing in skills and supply chains;

- Much greater involvement of customers in decisions and services that affect their lives and a strategic focus on alleviating the impact of the rising cost of living;
- A strategic shift towards prevention of homelessness and urgent re-housing for those experiencing homelessness; and
- Being a delivery partner for all of government – towards the reduction of economic inactivity, delivery of green growth and early intervention to improve lives.

NIHE takes its responsibilities as a Community Planning Partner very seriously. Delivery of our housing objectives is key to the social, economic and environmental benefits of each council area. I am grateful for the partnerships which we have built with councils across Northern Ireland, and look forward to working together as we deliver against our shared goal of providing better places to live for the people and communities we serve.

**Grainia Long**  
CHIEF EXECUTIVE

# Introduction

Welcome to the new 'Housing Investment Plan 2023-2026'. The Housing Executive is statutorily required under the 1981 Housing Order to report to Councils on its past year's performance (2022/23) and next year's proposals (2023/24). The Housing Investment Plan 2023-2026 however will look ahead to the next 3 years and is aligned to the [3 year Corporate Strategy](#) (2022/23 -2024/25) and its associated set of strategic priorities, which commit the Housing Executive to:

- Working with our partners to increase social housing supply to help meet identified need and building our capacity to borrow, invest in our stock and add to new supply
- Helping NI meet its emissions targets, address the impact of climate change and help sustain and protect our environment for future generations
- Investing an estimated £1,700m (over the next 3 years) into our local economy, through our housing services, construction activity, employment opportunities and through our support for the health, voluntary and community sectors, while also processing circa £1,148m in Housing Benefit payments across public and private housing tenures over the same period
- Working with our partners to deliver innovative housing solutions for our customers and to help reduce poverty and improve Health & Wellbeing
- Involving our customers to ensure that they are at the heart of service improvements and our business delivery mode
- Being an employer of choice and delivering high quality services for all in Northern Ireland's increasingly diverse community

The Housing Investment Plan is also aligned to the outcomes of each Council's Community Plan to show how our work supports the delivery of the plan's objectives. We look forward to continuing to contribute to shaping the future of housing in each council area with our Community Planning partners.

Part 1 below is the Strategic Context, focusing on achievements during the 2022/23 business year in respect of the Housing Executive's suite of Strategies, Programmes and Action Plans as the Strategic Housing Authority for Northern Ireland and a landlord at scale. The Strategic Context will also include links to relevant documents and related additional reference material. Part 2 sets out the local context and outcomes tables of locally specific Housing Executive performance against Council's Community Planning objectives.

# Overview

When writing the HIP, we have taken account of the wider strategic context, including:

The Communities Minister’s November 2020 statement on housing reform and plans to revitalise the Housing Executive

New Decade New Approach

The consultation on the Programme for Government Draft Outcomes Framework 2021

The Sustainable Development Strategy

The Regional Development Strategy

The Housing Supply Strategy

Strategic Planning Policy Statement

The emerging suite of new Local Development Plans

In addition, the broader context of post-Covid recovery, environmental and climate risks, Economic challenges associated with market uncertainty and increased household costs are all important factors for planning for the future.

In this context, we have set out our plans to ensure that we address the challenges and maximise the opportunities open to us over the coming years. In the sections below, we have highlighted some of these key themes and their implications for the Housing Executive.

Across **Northern Ireland in 2022/23**, the Housing Executive achieved a significant amount as summarised below.

# Part 1 - Strategic Context

The Housing Investment Plan 2023-2026 has not been developed or delivered in a policy vacuum; it sits alongside a range of interrelated strategies and programmes which impact on the daily lives of the Housing Executive's customers and tenants. Underpinning much of the work that the Housing Executive do are the key themes of Revitalisation and Sustainable Development, as well as all the measures and interventions at a local level that are firmly focused on the needs of our customers and providing high quality public services, in achieving positive housing outcomes across Northern Ireland. Also in this section, aligning with the Corporate and Business Plan, we present our strategies and key programmes of work that have been progressed over the last year under the six strategic priorities. This work has impacted across the community and the environment and continues to inform the work of the Community Planning Partnerships.

## Housing Executive Revitalisation

Following commitments in New Decade New Approach and in the Minister for Communities statement in November 2020, the Housing Executive continues to work with the Department for Communities (DfC) in progressing the Revitalisation Programme, which will consider and assess options to meet the investment challenge through a revitalised strategic housing authority and a sustainable social landlord that can maintain and provide good quality and affordable social homes for current tenants and future generations.

An informal board briefing presentation on Revitalisation took place on 14th December 2022 outlining the case for change and the key elements of the Outline Business Case. Further presentations will be made as work is progressed.

The current situation is that the Minister provided a written update on

progress with the Outline Business Case on the 21st October providing the following detail:

- A commitment that the Housing Executive will not be privatised;
- An assurance that consideration will be given only to options that limit change and which ensure that the Housing Executive remains dedicated to the essential public service of social housing as it has done so successfully for the past 50 years; and
- The ideal option as always is one in which the Housing Executive strengthens its role as the Strategic Housing Authority and, as a public housing landlord, has access to borrowing.

Discussions are ongoing between DfC and the Housing Executive on next steps.

## Sustainable Development

The work of the Housing Executive has long been associated with sustainable practices and continues to endeavour to make a difference to help to sustain the environment for future generations. The key focus is on improving the lives of the people in our communities and making the planet a better place, which aligns with our Strategic Vision of Making a Difference. Our work ranges from providing land for community allotments and gardens, planting of open spaces, to energy efficiency interventions for Housing Executive stock and reporting on home energy conservation across the residential sector.

During 2022, the Housing Executive achieved Platinum in the Business in the Community NI (BITC) Environmental Benchmarking Survey. In conjunction with BITC, the Housing Executive have signed up to the Climate Action Pledge, by signing this Pledge we have committed to reduce our absolute scope 1 and scope 2 Greenhouse Gas (GHG) emissions by either 30% by 2030; and to work towards measuring and reporting our scope 3 GHG emissions.

# Emerging issues Impacting on Housing

## Supply

After two years of decline, the number of new dwellings started in 2021-22 stood at 7,400, which is still some way off the 2018-19 high of 8,400. A similar pattern emerges in completions: in 2021-22, 7,300 dwellings were completed, and although higher than the previous year, still lower than the number of new dwellings completed in 2018-19 (7,800). In 2022/23, there were just over 6,400 completions.

## Rents

Taking a longer term view on rental levels, rents have increased by almost 50% from 2015 to date, and the number of properties available to rent has decreased by around 50% over the same period. The rent charged for new properties to let continues to increase – the average monthly rent across the Belfast City Council Area (BCCA) increased by 12.7% annually to £875, whilst outside of Belfast, the average Local Government District rent was up by 7.2% over the year period to £708 per month.

Undoubtedly the wider economic environment has impacted on affordability issues for households in Northern Ireland. In turn, these affordability issues coupled with the economic conditions impacts on housing supply.

## Cost of living

Northern Ireland has the UK's highest proportion of low paid jobs (almost one in five), the lowest discretionary disposable income, and local households spend disproportionately higher amounts of their income on energy, food and fuel relative to the rest of the country, so the country is particularly impacted by the cost of living crisis. Useful link: [Cost of Living | nidirect](#)

## Construction industry & Labour market

Pressures are apparent within the construction industry. The CEFNI survey found that 50% experienced a worsening in profit margins since 2021, and looking forward into 2023, the 4 main challenges were reported to be:

increased cost of materials, Inflation, access to skilled labour and political uncertainty / no functioning Executive.

The labour market in Northern Ireland recovered relatively quickly from the pandemic and 2022 saw the lowest unemployment rate in the Labour Force Series to date. Further analysis shows however that there has been a slump in self-employment, down one quarter on where it was pre-pandemic, and conversely that there has been an increase in employees. The number of weekly hours that an average full-time worker works is still less than those pre-pandemic. Vacancies remain stubbornly high, with double the jobs being advertised than pre-pandemic.

## **House prices**

Over the past year, the housing market has showed strong resilience in terms of pricing levels, however, the first quarter of 2023 recorded the first marginal quarter-on-quarter decline in pricing levels in just over 2 years. This was accompanied by reduced transactional activity. The average price of a dwelling in Northern Ireland in Q1 2023 was £203,326, an annual increase 2.2% from Q1 2022, but a 0.7% decline from Q4 2022. Continuing desire for home ownership will be tempered by ongoing economic conditions.

## **Inflation & Interest rates**

The surge in inflation resulted in a 41 year high figure of 11.1% in October 2022. By March 2023 the Consumer Prices Index (CPI) decreased slightly to 10.1%, but despite this drop, CPI inflation remains stubbornly high, particularly for necessities such as food and non-alcoholic beverages. After an extended period of abnormally low interest rates between 2009 and early 2022, the Bank of England base rate has risen steadily over the last year. By March 2023, the interest rate stood at 4.25% and some commentators expect that gradual increases will continue during 2023 in an effort to control inflation.

## **Relationship with our Customers**

The Housing Executive is a trusted organisation, with strong relationships with our customers, at the most local level. Delivering our vision will require continued strengthening of these relationships, particularly following a period of remote service delivery due to restrictions imposed due to COVID-19. Over this plan period we look forward to more face to face

contact with customers, and making our services as seamless and easy to access as possible. We are constantly seeking to build new, and further develop existing relationships with organisations who advocate, champion or support customers.

For our tenants the Housing Community Network (HCN) is fundamental structure through which the Housing Executive maintains positive engagement and involvement with tenants and community representatives through approximately 300 community groups at a community-based level, in both rural and urban locations across Northern Ireland. The Central Housing Forum sits at the top of the HCN pyramid structure and has a recognised and meaningful role in the monitoring and decision-making process of the Housing Executive and influences decisions affecting tenants and communities all over Northern Ireland. Supporting Communities organises this network and acts as a secretariat to the various forums. However we intend to go further and create a more central role for tenants and customers in NIHE governance. It will result in an approach to service design and delivery based on partnership or co-production, whereby we design our systems and services with rather than onto our customers.

## Strategic Priority 1

**Taking the lead role as the Strategic Housing Authority, we will work with our partners to increase social housing supply to help meet identified need**

<b>Affordable Housing / SHMA</b>	The Housing Executive has continued to work closely with DFC on the provision of new affordable housing products. This includes the development of Intermediate Rent housing. Intermediate Rent aims to increase housing supply and provide a housing choice, which is of high quality, is more affordable and more secure for households. DFC published an Intermediate Rent Policy in March 2023 and we are now working on the delivery of Intermediate Rent units to those whose needs cannot be met in the housing market.	<a href="https://communities-ni.gov.uk/definition-of-affordable-housing">Definition of affordable housing   Department for Communities (communities-ni.gov.uk)</a>  <a href="https://nihe.gov.uk/northern-ireland-summary-report-(pdf-1-4mb).pdf">Northern-Ireland-Summary-Report-(PDF-1-4MB).pdf (nihe.gov.uk)</a>  <a href="https://nihe.gov.uk/news">The Housing Executive - News (nihe.gov.uk)</a>
<b>Asset Management Strategy</b>	The Asset Management Strategy that was approved by the Board and the Department in 2015/16 was ‘parked’ in late 2017 on funding grounds. A temporary strategic investment approach was agreed with the Department and has been in place since, which is aimed at maximising our stock available for letting in the face of high and rising housing need. Work is continuing via the Housing Executive Revitalisation Programme on developing a sustainable funding solution to meet our stock investment requirements.	<a href="https://nihe.gov.uk/asset-management-strategy">An Asset Management Strategy for the Northern Ireland Housing Executive (nihe.gov.uk)</a>
<b>Housing Supply Strategy</b>	The NIHE have prepared an action plan on the expansion of the Social Housing Development Programme and this has been agreed with DFC. Actions are progressing including the preparation of a Housing Executive Land Acquisition Business Case which is with DFC for approval.	<a href="https://communities-ni.gov.uk/a-new-housing-supply-strategy">A new housing supply strategy   Department for Communities (communities-ni.gov.uk)</a>
<b>Land Asset Management Strategy</b>	As the Strategic Housing Authority of Northern Ireland and the largest landlord, the Housing Executive has been, and continues to be, in a unique position as custodian of significant public assets to ensure our land and property assets are effectively utilised to provide new housing and to enable and facilitate safe and sustainable communities.

<p><b>NI Energy Advice Service and Oil Savings Network Service</b></p>	<p>As the Home Energy Conservation Authority for Northern Ireland, part of the Housing Executives strategy to deliver its statutory responsibilities is to promote energy efficiency and advice to all households. Since April 2020, the refreshed Northern Ireland Energy Advice Service, delivered in house by the Housing Executive, has received over 14,000 queries up to 31st December 2022.</p> <p>The NI Energy Advice Service (NIEAS) is NI's only one-stop-shop for information on energy efficiency, grant availability, cost savings and renewables. This advice offers vital help via energy cost saving information to vulnerable householders, older people and those on low incomes and answers over 5,000 queries annually. The NIEAS team annually signpost nearly 4,000 customers to available energy grants such as the Housing Executive Boiler Replacement Scheme; a Council-led targeted Affordable Warmth Scheme, aimed at those in fuel poverty and those more vulnerable within our society, and the Utility Regulator's Northern Ireland Sustainable Energy Programme (NISEP).</p> <p>The Oil Savings Network service is actively growing its membership across all Northern Ireland householders (9,000 active members), with the key objective of tackling fuel poverty. The delivery of this service is now an integrated part of the NI Energy Advice Service and its aim is to help householders across Northern Ireland continue to save on their home heating oil.</p>	<p><a href="#">Energy Advice Service</a> <a href="#">Oil Buying Club Service</a></p>
<p><b>Rural-Led Energy Transition (RULET)</b></p>	<p>The Report on the outcomes of the RULET project is due for release early 2023. This scheme tested the deployment of various energy efficiency measures including smart energy technology in Housing Executive homes.</p> <p>2023-2025 will see the roll out of a low carbon programme of 300+ dwellings to provide evidence for a future of decarbonised heating policy.</p>	<p>GIRONA <a href="http://www.gironaenergy.com">www.gironaenergy.com</a></p>

<b>Community Cohesion Strategy</b>	The Community Involvement Strategy 2018-2022 and Community Cohesion Strategy 2015-2020 are currently under review. We will continue to support communities through the Cohesion and Involvement funding streams. We continue to work in partnership and Service Level Agreements have been established with Supporting Communities Northern Ireland (SCNI), Northern Ireland Youth Forum, Disability Action and Rural Community Network. A Terms of Reference was established for the Central Housing Forum.	<a href="#">Community Cohesion Strategy</a> <a href="#">Community Involvement Strategy</a>
<b>Community Safety Strategy</b>	The Housing Executive has a dedicated Community Safety Team based in Belfast. This team works with locally based staff to provide a range of services to deal with community safety issues and anti-social behaviour.  The Housing Executive's Community Safety Strategy 2020-23 aims to make our communities safe and to tackle anti-social behaviour. We will do this by building on our three key aims: <ul style="list-style-type: none"> <li>• building community confidence;</li> <li>• ensuring local solutions; and</li> <li>• working together.</li> </ul> We work with other agencies, groups and tenants to deal with anti-social behaviour. Our new Community Safety Strategy builds on this work with our partners. It highlights the actions that we have taken in recent years to build better communities and ensure they are a welcoming place to live and visit.	<a href="#">Community Safety Strategy</a> <a href="#">Community Safety Strategy launched</a>
<b>Good Neighbour Campaign</b>	As part of the Housing Executive's 50th anniversary, our Communications Team, in collaboration with the Community Safety Team ran a multi-channel campaign over the summer / autumn that highlighted to the media, the public and to our customers that our communities are attractive and safe places to live in.

<p><b>Fundamental Review of Allocations (FRA)</b></p>	<p>The Housing Executive has set up a Project to implement changes to the Housing Selection Scheme and social housing allocation process in Northern Ireland. The Project involves the implementation of 18 Proposals for Change which were agreed following the Department for Communities’ Fundamental Review of Allocations. The Project will also carry out further work to bring forward alternative approaches for the remaining two:</p> <ul style="list-style-type: none"> <li>• Proposal 7 - the removal of Intimidation Points from the Housing Selection Scheme; and</li> <li>• Proposal 9 - the removal of Interim Accommodation Points.</li> </ul> <p>Subject to funding the changes are being be delivered over a three year period in four key stages set out in the indicative timeline below. The implementation of these changes aims to ensure that our highly valued allocations scheme is modernised and continues to provide a robust framework for the assessment and allocations of social housing in Northern Ireland, building on the strengths of the existing Scheme to enable it to work better at responding to objective housing need.</p> <p>Some changes will have a visible impact on customers while others will be less customer facing, e.g. Proposals 12-14 relate to social landlords’ discretion in terms of difficult-to-let properties which will allow landlords to make best use of their stock. Several proposals involve changes to existing systems, new IT solutions and delivery of a Customer Applicant Portal.</p> <p>The Project stages and delivery of the proposals have been grouped based on a number of key factors:</p> <ul style="list-style-type: none"> <li>- Linked to customer/Waiting List impacts;</li> <li>- Due to systems or procedural changes required;</li> <li>- Or for good project management purposes in terms of the most effective delivery method.</li> </ul> <p>A number of proposals are interdependent and must be implemented together e.g. proposals 5 and 15 related to areas of choice and offers which have been delivered in the first stage of implementation.</p> <p><b>Stage One</b></p> <p>The first group of changes were delivered in Stage One of the Project with the new rules coming into effect on 30th January 2023.</p>	<p><a href="#">FRA report</a></p> <p>More information on the Fundamental Review of Allocations Implementation Project can be found on the Housing Executive’s website at: <a href="https://www.nihe.gov.uk/the-housing-executive-apply-for-a-home">The Housing Executive - Apply for a home (nihe.gov.uk)</a></p>

	<p>Proposal 1: Communication of the Housing Executive’s Housing Solutions and Support Service, providing independent, tenure-neutral housing advice.</p> <p>Proposal 5: The Introduction of a greater choice of areas for applicants in where they would like to be rehoused. All applicants now have the ability to choose as many or as few areas of choice as they wish and the automatic imposition of a greater housing area on statutory homeless applicants has ended.</p> <p>Proposal 15: An Applicant may receive two reasonable offers of accommodation. The number of Reasonable Offers which an Applicant can receive has reduced from three reasonable offers to two reasonable offers.</p> <p>Proposal 16: Social landlords may withdraw an offer of accommodation in specified circumstances.</p> <p>The other proposals for change will be implemented via a further three delivery stages. More information can be found on Housing Executive’s <a href="#">website</a>.</p> <p>Areas of the Project which will have a visible impact on customers include a reassessment of all applicants on the Waiting List to ensure their housing needs points reflect their current housing circumstances under Proposal 8 and the alignment of the age criteria for children sharing with DWP criteria for help with housing Costs (Proposal 11). This exercise is planned during Stage 3 of the Project in 2024. The changes identified during reassessment will be implemented in the final phase of the project in Stage 4, alongside the introduction of a banding system. Applicants will be placed into bands based on their current point’s levels alongside others with similar levels of need. Applicants in each band will then be ranked based on their time on the Waiting List using their date of application. The introduction of banding, under proposal 10, is linked to high level Outcome 4 - Those in greatest housing need receive priority, with recognition of their time in need.</p>

	<p>Stage 4 will be implemented mid-2025 and the Project will close at the end of the summer 2025. Benefits will be measured throughout the Project, however many are longer term beyond the life of the Project.</p> <p>A Communications and Stakeholder engagement plan is in place and the Housing Executive wrote to all households on the Waiting List, public representatives and key stakeholders to explain the changes. Transitional measures were introduced in the implementation approach to ensure that customers who had selected the wider general housing area and customers who had already received two reasonable offers would not be adversely impacted.</p> <p>The Project is working closely with Housing Associations in the implementation of the changes and has also introduced a Stakeholder Advisory Group to inform and advise the Housing Executive on the implementation of the changes to ensure the successful implementation of the proposals for change in a way which will achieve the best possible outcomes for customers and social landlords.</p>

# Part 2 - Local Context

This local update is focused on the Housing Executive's achievements and performance during 2022/23 in relation to Causeway Coast and Glens area and looks forward to next year and the remaining Plan period to 2026, and working in partnership with the Council to meet our business objectives and assist the implementation of community planning goals. It should be read in conjunction with Part One – Strategic Context.

Causeway Coast and Glens Council area has a population of 141,744 (Census 2021) and while mostly urban, there is a significant rural populace. The local economy has shown scope for improvement in recent years with percentage levels of people claiming unemployment-related benefits consistently above the Northern Ireland average. In terms of housing, the Housing Executive's [Commissioning Prospectus](#) sets out where the unmet housing need is within Causeway Coast and Glens Council area, and the type and mix of homes required, which will be planned for and delivered through the 3 year Social Housing Development Programme, reviewed annually.

The Housing Executive will continue to work with the Council, through the Community Planning Partnership, to ensure that local housing needs are met and that housing investment is targeted where it is most needed.

## Over the past year

### **New Build Scheme: Hass Road, Phase 3 and 3A Dungiven**

**Strategic Priority 1 action to oversee development of Strategic Guideline Target for Causeway Coast and Glens social homes.**

**This scheme, developed through the Social Housing Development Programme and administered by the Housing Executive, was completed in July 2023.**

The scheme provides a balanced mix of accommodation for families and single persons in Dungiven. There are one to four bedroom dwellings provided in the new housing development. The scheme includes five dwellings built to wheelchair standards for applicants who have complex needs, including large family accommodation. The new housing development includes a play park for children and this forms an integral part of the scheme.

## Energy boost for Housing Executive Girona Project tenants

**Strategic Priority 2 action to help NI meet its emissions targets, address the impact of climate change and help sustain and protect our environment for future generations.**

Thirteen Housing Executive properties were fitted with solar panels and storage batteries in 2021 as part of the successful Girona Project and, as a result, residents have made significant savings in their electricity bills.

Building Ballysally Together Healthy Eating Café, which has received support from the Housing Executive, and Focus on Family Sure Start, based in property owned by the NIHE, are among those who have benefited from the project.

## Demographic Context

The **population** of Causeway Coast and Glens Borough has increased by 0.6% from 140,877 on Census day 2011 to **141,744** on Census day 2021, according to NISRA (Source: NISRA)

The borough accounts for **7.4%** of the overall **Northern Ireland population** in 2021 (Source: NISRA)

The change in population in the Causeway Coast and Glens Borough is mainly concentrated in the **65+ age group, with the older population increasing by 26%** over the period 2011 to 2021. In the same period, the working age population decreased by 4% and the same for the age cohort of 0-15 years old

In the same period, household size reduced from 2.58 to 2.43. Though the need for small family accommodation remains strong, there will be a requirement to design and construct suitable accommodation for older persons.

## The Housing Market

There is a projected **Housing Growth Indicator** (HGI) new dwelling requirement of 5,600 for the period 2016-2030 in Causeway Coast & Glens. The overall Northern Ireland requirement for the same period is 84,800

The HGI, along with the Housing Executive’s Housing Needs Assessment and Strategic Housing Market Analysis will inform the Council’s Local Development Plan on the need for additional land for the development of new housing.

Census 2021 reports that there were **57,578 households** in Causeway Coast and Glens, of these 66.2% were Owner Occupied, 20.4% Private Rented and 13.4% Social Rented. These figures include ‘vacants when last occupied’ within the three main tenure groups

### Social Housing Waiting List Trends

Source: NIHE

The requirement for new social housing in Causeway Coast and Glens has increased between 2022 and 2023.

The **five-year assessment** for 2022-27 shows a need for 1,544 units in the Council area. Refer to Appendix 2, which shows that the projected housing need is concentrated in the main towns within the Borough

**1,544**  
projected housing need

To address social need, the Housing Executive’s three-year Social Housing Development Programme (SHDP) has 576 housing units planned for 2023/24 to 2025/26.

During 2022/23, 67 homes were completed in the Causeway Coast and Glens area and 176 units were under construction at the end of March 2023. See Appendix 3 for details of the programme, completions and on-site schemes.

## Rural Areas

House and land prices, land availability and rates of development may make the first steps into owner occupation more difficult for many young rural households within the Causeway Coast and Glens area. The tendency for owner occupation in rural areas will also result in limited opportunity for the private rented sector to offer affordable accommodation due to a more competitive housing market.

The Housing Executive will continue to work with rural communities to identify hidden or 'latent' housing need through rural housing needs tests. These rural locations will be determined following the annual review of the Housing Need Assessment and consideration is also given to requests from community representatives. During 2022/23 rural housing needs tests took place in Moneydig, Kilrea, Glenullin, Boleran and Garvagh.

## Specialised Housing and Housing Support Services

### Accessible Housing

Within Causeway Coast and Glens Borough Council area, there is an **identified social housing need** at March 2022 for **63 wheelchair units**

### Adaptations

During 2022/23, the Housing Executive spent **£1.49m on adaptations** to their properties in Causeway Coast and Glens Borough Council area. See Appendix 4

### Disabled Facilities Grants

During 2022/23, the Housing Executive approved **68 Disabled Facilities Grants** for private sector dwellings and completed 50. The approval value in Causeway Coast and Glens Borough Council area in 2022/23 was £930k. See Appendix 4

### Supporting People

The Housing Executive, through the Supporting People Grant, funds 68 Housing Support Services across Causeway Coast and Glens District Council area at a cost of £4.77m, providing housing support to 1,513 clients per year.

## Community Planning

The Causeway Coast and Glens Borough Council published [A Better Future Together: A Community Plan for Causeway Coast & Glens 2017-2030](#) on 15 June 2017.

Since our last Housing Investment Plan (HIP), community plan and delivery plan reviews were published in November 2022, updating the outcomes and actions in the first community plan. Please refer to link for updates Community Review Plan 2022. It identifies the partnership priorities and actions going forward to enable progress through challenges such as COVID – 19 and cost of living crisis.

The Housing Executive is a statutory partner and our Place Shaping staff attend quarterly Community Planning meetings. We lead on and contribute to a number of key actions within the delivery plan.

As a result of the collaborative work with Community Planning Partners on the implementation of a joint rural housing needs test to encompass all of the settlements of Garvagh, Kilrea, Moneydig, Glenullin and Boleran, we are in discussions with registered Housing Associations for new social and affordable homes for two of these areas.

Our HIP themes are complementary to many of community planning themes. This HIP has aligned our housing actions against Community Planning and this is shown in Appendix 1.

Further information on Community Planning in the Causeway Coast and Glens Council area can be found at [Community Planning - Causeway Coast & Glens Borough Council](#).

## **Local Development Plan**

The Causeway Coast and Glens Local Development Plan (LDP) 2035 will replace the Northern Area Plan 2016 and the existing suite of Regional Planning Policy Statements. As the statutory development plan, the LDP will be the main policy vehicle to influence housing in the borough for 15 years. It is a spatial reflection of the Council's Community Plan and it is appropriate that the HIP is considered in the preparation of the LDP.

The LDP will address the amount of land needed for housing across the borough, in addition to setting out housing policy and objectives. When ratified, the LDP will be the statutory document for assessing future planning applications for housing.

The amount of land needed for new housing will be determined by:

- Housing Growth Indicators (HGIs);
- Allowance of existing commitments;
- Urban capacity studies;
- Strategic Housing Market Analysis;
- Housing Needs Assessment;
- Allowance for windfall housing sites; and
- Residual housing need.

The Council's timetable was revised in March 2021. The revision is available to view on the Council's website at: [Local Development Plan Timetable](#). The Housing Executive has made representations to the Council with regard to the Preferred Options Paper in August 2019 and these have been analysed.

Since the last HIP update, the Council's LDP Timetable is currently under review with an indicative draft Plan Strategy (dPS) publication date of early 2024. The Housing Executive will be involved in the consultation.

## **New Build Scheme: Old Distillery Gardens, Church Street, Limavady**

**Strategic Priority 1 action to oversee development of Strategic Guideline Target for Causeway Coast and Glens social homes.**

This off-the-shelf scheme was built by a private developer and Triangle Housing Association took ownership post-construction. It was delivered through the Social Housing Development Programme, and was completed in April 2023. This scheme provides 59 dwellings for small households and includes a number of wheelchair standard apartments for people with complex needs.

## Communities without Hate Event in Ballymoney

**Strategic Priority 4 action to make our communities safe and to tackle anti-social behaviour.**

Building Communities Resource Centre (BCRC) recently held the first of four sessions of the Communities Without Hate programme.

This accredited OCN Level 2 qualification enables participants to recognise ways of preventing hate crimes and hate motivated incidents in their environment.

Housing Executive Area Manager, Mark Alexander said “The Housing Executive is proud to support the Communities against Hate course at the Building Communities Resource Centre, which we funded through a Community Safety grant of £1,850. Hate crime is a serious issue that affects not just the victims, but also the community as a whole.”

“We are committed to supporting any programmes that help create a safer and more inclusive society.”

2022/23 Plan	2022/2023 Progress	Plans 2023-26	Community Plan Reference
Continue to work with groups to ensure we give the best outcomes for our communities.	NIHE staff continued to partner with SCNI to train and support community groups and members of the HCN.	We will continue to work with communities to develop groups in under-represented areas and develop capacity of existing groups.	1A-1E
<b>Administer community grants and HCN funding</b>			
The Community Grants 2022/23 budget has been agreed as £20,000 per Area Office. Funding of £2,077 per area for HCN is also available.	A total of £19.1K was spent on Community Grants in 2022/23.	We will review the effectiveness of the existing Community Grants Programme and ensure resources are targeted to most effective activities.  We will seek potential new funding streams.	1A-1E
<b>Continue to monitor implementation of Community Involvement Strategy Action Plan</b>			
The action plan will incorporate new ways of supporting and engaging our communities to reflect the ongoing restrictions due to the COVID-19 pandemic.	New ways to support our communities were developed to reflect the restrictions imposed by the COVID-19 Pandemic. Digital capacity was expanded and tablets disseminated within the Central Housing Forum and working groups. Community grants also supported digital inclusion initiatives.	Our focus will be on delivering sustainable communities committed to reducing our carbon footprint. A targeted effort will be put on reducing poverty and improving health and wellbeing.	1A-1E
<b>Identify hidden rural housing need</b>			
NIHE will continue to work with rural communities to identify hidden rural housing need.	One joint housing need test was completed during 2022/23 at Moneydig, Kilrea, Glenullin, Boleran and Garvagh.	NIHE will continue to work with rural communities to identify hidden rural housing need.	1C, 1E, 2C

<b>Rural Community Awards</b>			
NIHE hopes to offer the Rural Community Awards on an annual basis.	The 2022 Rural Community Awards were presented in March 2023 at an awards event in Dungannon to the winning community groups and individuals.	We will continue to develop and deliver the Housing Executive Rural Community Awards Competition annually.	1C, 1E, 2C

## Strategic Priority 5

**As NI's largest landlord, we will engage with our customers to ensure they are at the heart of service improvements and our business delivery model**

Objective(s) achieved ■ Partially achieved ■ Remains outstanding ■

2022/23 Plan	2022/2023 Progress	Plans 2023-26	Community Plan Reference
<b>Through Community Planning, promote housing-led regeneration</b>			
Promote housing led regeneration through master planning proposals in urban and village centres.	NIHE will continue to work with Council through the Community Planning process. In 2022/23, NIHE participated in a Partnership Pilot with Causeway Coast and Glens Community Planning Partnership to deliver a joint rural housing needs test in Garvagh, Kilrea, Glenullin, Moneydig and Boleran. A social housing scheme was supported in Garvagh. A scheme is also being investigated in Kilrea as a result of this test.	Promote housing led regeneration through master planning proposals in urban and village centres.	1A-3D
<b>Development of Private Rented Sector Access Scheme (PRSAS)</b>			
There is currently no budget availability in 2022/23 for a PRSAS as the homeless budget is already short of funding on a number of key priority areas. However the development of a scheme that will provide support for those seeking to access or maintain private rented accommodation will continue to be a priority for NIHE.	Funding has been supplied to a number of small initiatives that facilitate those accessing accommodation in the private rented sector. However there has not been sufficient budget availability to commission the development of larger scale PRSAS.	We do not have a confirmed homeless budget for 2023/24 and early indications from the Department for Communities are that there are likely to be major budgetary pressures which will greatly impact upon existing services and commissioning of new services such as a PRSAS.	1A-1E

2022/23 Plan	2022/2023 Progress	Plans 2023-26	Community Plan Reference
<b>Administer Disabled Facilities Grants</b>			
<p>NIHE has funding of approximately £12.75m for DFGs for the private sector in 2022/23 across NI.</p> <p>The funding for Causeway Coast and Glens in 2022/23 is £1.42m.</p>	<p>NIHE approved 68 DFGs for private sector dwellings and completed 50 in Causeway Coast and Glens.</p> <p>The approval value in Causeway Coast and Glens Borough Council area in 2022/23 was £930K.</p>	<p>NIHE have funding of approximately £13.7m for DFGs for the private sector in 2023/24.</p> <p>The funding for Causeway Coast &amp; Glens is £1.22m in 2023/24.</p>	<p>1A, 1C, 1E</p>
<b>Approval of Discretionary Grants</b>			
<p>Funding of discretionary grants will continue in 2022/23.</p>	<p>Discretionary Grant Approval in 2022/23 was £19K. Appendix 4.</p>	<p>Funding of discretionary grants will continue in 2023/24.</p>	<p>1E, 2C</p>
<b>Approval of repair grants</b>			
<p>NIHE will issue repair grants as required.</p>	<p>There were no repair grants approved in 2022/23, Appendix 4.</p>	<p>Funding of repair grants will continue in 2023/24.</p>	<p>1E, 2C</p>

## Strategic Priority 6

**Supporting our roles as both Strategic Housing Authority and NI’s largest landlord, we will be an employer of choice and deliver high quality services for all in NI’s increasingly diverse community**

	<p>The Sustaining Tenancies Funding Programme 2021-24 has awarded funding to 36 tenant-focused projects. Project delivery and monitoring is ongoing. To assist with impact reporting, an Outcomes Measurement project has been implemented and is running in tandem with funding programme.</p> <p>As the award fund for the current programme (£1.54 million) has been fully allocated, a business case for a new programme for the period 2023-26 is being progressed. In 2023 it is proposed that our key funding priority will be supporting tenancy resilience of Housing Executive tenants in the context of high and rising living costs.</p>	<p>Prepare case for new programme of funding.</p>	
<b>Tenancy Sustainment</b>			
<p>Report on the number of tenancies lasting less than 12 months against a baseline of 86% sustainment rate.</p>	<p>The sustainment rate of tenancies beyond 12 months continues to exceed the baseline rate. As of December 2022, the sustainment rate over the preceding 12 month period was 89%.</p>	<p>We will continue to report on the number of tenancies lasting less than 12 months against a baseline of 86% sustainment rate (subject to confirmation of this target).</p>	<p>1A-3D</p>
<b>Continuous Tenant Omnibus Survey</b>			
<p>Monitor tenants' satisfaction through the Continuous Tenant Omnibus Survey (CTOS).</p>	<p>The 2022 survey found that 78% of tenants were satisfied with the overall service provided by NIHE.</p>	<p>Continue to monitor tenants' satisfaction through the CTOS.</p>	<p>1A-3D</p>

<b>Finalise and implement Voids Reset Plan</b>			
<p>Progress in implementing the Voids Action Plan 2019-2022 was suspended in 2021 due to the ongoing service impact due to the pandemic. In 2022/23, the plan is to gain Executive Team approval for Reset and implement Year 1 actions.</p>	<p>The content and approval of the reset plan was held given the residual impact of COVID-19 and the impact of contractor issues on void performance. It is proposed that the reset plan will be developed and approved in Q1 of 2023/24.</p> <p>NIHE actionable voids at March 2023 were 0.46% of total stock in Causeway Coast and Glens Council area.</p>	<p>Subject to development of reset plan.</p>	<p>1A, 2C</p>
