1.0 Purpose of Report

The purpose of this report is to present the outcome of the assessment of applications received to the Community Festivals Fund 2024-25 for approval, subject to receipt of confirmation of match funding from the Department for Communities.

2.0 Background

The Community Festivals Fund (CFF) was established by the Department for Communities (DfC) in recognition of the positive contribution that festivals can make to communities and to the local economy. A key priority of Department for Communities is 'to enable communities to enhance their quality of life through participation/engagement in culture, arts and leisure activities.' (Department for Communities Community Festivals Fund Revised Policy and Guidance Framework October 2015).

Council receives funding from DfC on an annual basis to operate a Community Festivals Fund which it is required to match. Confirmation of grant funding for 2024-25 has not yet been received from DfC, so to enable timely decisions to be communicated to applicants, some of which having events planned for April and May, approval is being sought in principle. The assumption has been made that the DfC funding award to Council will be at the same rate as 2023-24.

3.0 2024/25 Grant Programme

The CFF grant programme was opened for applications on 11th December 2023 with a closing date of Friday 2nd February 2024. The grant opening was publicly advertised as part of Council's annual grant programme. Online grants roadshows were held to provide potential applicants with details of the grant programmes.

Applications were received from 46 organisations, two of which have since been withdrawn as they were successful in their applications to the Tourism Event Fund. An assessment panel of Council Officers assessed the applications received against the criteria as stated in the Guidance Notes for the programme. Applicants were required to attain a score of at least 65% to be recommended for funding, in line with Council's Grant Funding Policy.

An extract from the Guidance Notes for the grant programme, detailing eligibility and assessment criteria, is attached at **Annex A**.

3.1 Applications Received:

| No. of applications received | 46 |
|--|------------------|
| No. of applications withdrawn | 2 |
| No. of ineligible applicants | 1 |
| No. of successful applications (scoring 65% and above) | 43 |
| Total value of CFF funding recommended | £63,963 |
| Expected budget available | £63,530 |
| £27,800 expected from DfC (2023-24 award) | |
| £35,730 Council | |
| Under/ Over budget | £433 over budget |

A list of the applications received, the assessment scores and the grant amount recommended are listed in **Annex B**.

According to the criteria for the CFF Grant Programme, each day of a festival must be programmed to be of at least 4 hours duration and include a range of at least 3 activities to suit all sections of the community. One application was deemed ineligible as it did not meet the criteria for sufficient range of activities on the one day applied for. Several applications received less than they applied for as one or more of the days of their festival did not meet this criteria. Detailed feedback will be provided to these applicants to explain the reasons for ineligibility or reduction in amount awarded.

The amount applied for exceeds the expected budget by £433. Since this is a small amount, it is proposed that it will be taken from the general Community Development programme budget. A small amount of underclaiming usually occurs when some organisations don't claim their grant in full and as such the CFF programme may well not be overspent by year end.

4.0 Recommendation

It is recommended that Members;

- i. Approve awards for funding through Community Festivals Fund as detailed in Annex B, subject to confirmation of funding from DfC.
- ii. If confirmation of funding has not been received from DfC by 1st April, issue letters of offer to the applicants whose festivals are due to take place in April and May to a value of £8,025.

Annex A: Eligibility and Assessment Criteria for Community Festivals Fund 2024-25

Levels of grant award:

| Community Festival Fund Grant Programme | Maximum Grant Amount |
|--|-------------------------|
| 1. One day community fun day type events. Events must be programmed to be of at least 4 hours consecutive duration and include a range of at least 3 types of activities to suit all sections of the community. | Up to £750 |
| 2. Festival events lasting 2 consecutive days or more. Each of the days of the festival must include a range of activities to suit all sections of the community and be programmed to be at least 4 hours duration. It is not enough to simply duplicate the same event on 2 days – the festival must have different activities on each day that it takes place. | Up to £1,500 |
| 3. Festivals lasting 3 consecutive days or more. Each of the days of the festival must include a range of activities to suit all sections of the community and be programmed to be at least 4 hours duration. The festival must have different activities on each day that it takes place. | Up to £3,000 |

Eligible organisations:

- Constituted voluntary and community organisations.
- Applications may be from geographical communities (a town, village, neighbourhood, rural area); or communities of interest (a group of people who have a common interest, concern or characteristic).
- A community festival should constitute a series of events (or a single event with several elements) with a common theme and delivered within a defined time period.
- Each day of the festival must be programmed to be of at least 4 hours duration and include a range of at least 3 activities to suit all sections of the community.
- DfC has stated that all festivals must be culture based, where culture is defined as ideas, customs and social behaviour of a particular people or social grouping.

Ineligible organisations/activities:

- festivals taking place outside the Causeway Coast & Glens Borough Council area;
- festivals of a commercial nature, organised to make profit;
- trade, community or professional conferences/conventions;
- core costs for festival organisers or organisations (staffing, annual overheads);

- festivals that are primarily fundraising events, are heavily branded with charity branding or deploy potential sources of income from a festival to a charity;
- awards ceremonies or industry events;
- residential courses and associated events;
- festivals that are social events for an organisation;
- events developed and delivered by public bodies;
- events initiated and led by private sector organisations;
- festivals that are primarily sporting fixtures or competitive events;
- festivals that are primarily tourism focused events where the organisation cannot demonstrate significant community involvement;
- Events which consist mainly of competitions;
- Transport outside of the area/ community that the festival is taking place in;
- Applications for funding which are considered to be the responsibility of another statutory
 organisation or Council fund or applications that have applied and secured funding from
 another Council programme.

Assessment Criteria:

Each application is assessed and scored against the criteria listed below as guided by the Department for Communities (DfC) in its Community Festivals Fund Revised Policy and Guidance Framework (Oct 2015). The criteria are all given equal weighting.

- i. Have strong community participation in the organisation and implementation of the project contributing to building a strong sense of community (x 1)
- ii. Provide opportunities for people to improve their personal skills or receive training relevant to the project (x 1)
- iii. Promotes inclusion in your community including targeting social exclusion and /or poverty; addressing rural isolation and encouraging equality of opportunity for all Section 75 groupings (x 1)
- iv. NIMDM 2017Ranking/ Access to Services Measure Ranking (X 1)
- v. Demonstrate value for money and maximise income (x 1)
