1.0 Introduction

These guidance notes provide an overview of financial support available through the Community Festival Fund (CFF) for 2021-22. They will help you and your organisation decide if the financial assistance offered is appropriate to support the needs of your community.

You may find it helpful to discuss your project with one of the Community Development team before submitting your application. Please email community.development@causewaycoastandglens.gov.uk with a contact number and one of the officers will contact you.

Covid-19

Please note responsibility remains with you, the applicant, to ensure that all event activities are permitted and comply with current and any future changes in Northern Ireland regulations, as set out in the Government's Coronavirus guidance specific to events and mass gatherings at the time of event planning/delivery.

Council reserves the right to withdraw funding if it is deemed that either during the course of planning and/or at the point of the event delivery date the event is contravening the latest Northern Ireland Covid-19 guidance on events and mass gatherings. At the event delivery date if the event is contravening the latest Northern Ireland Covid-19 recommendations and therefore necessitates event cancellation, at that point only eligible costs accrued will be paid.

1.1 Purpose of Grant Programme

The purpose of the Community Festival Fund is to support, promote and develop the capacity of communities to host community festival events across the Causeway Coast and Glens Borough Council area.

The fund will also enable organisations to celebrate their unique cultural and community identity, to promote diversity and to strengthen good community relations within and between communities.

1.2 Overview of fund

- The Community Festivals Fund was established in recognition of the positive contribution that festivals can make to communities and to the local economy. A key priority of Department for Communities is 'to enable communities to enhance their quality of life through participation/engagement in culture, arts and leisure activities.' (*Department for Communities Community Festivals Fund Revised Policy and Guidance Framework October 2015*).
- A community festival is a series of events (or a single event with several elements) with a common theme and delivered within a defined time period. A community festival is a festival which has developed from within a community and should celebrate and

positively promote what the community represents. Community festivals are about participation, involvement and the creation of a sense of identity and are important in contributing to the social wellbeing of a community.

- This fund is for festivals that are developed by and for a community. They must be initiated and led by a community organisation or a community-led partnership. It is not enough to run a festival on behalf of a community - the community must play a strong part in the development and delivery of the festival and have ownership of it.

What is a community?

There are two types of communities that may apply to the Community Festival Fund:

- Geographical communities - a town, village, neighbourhood, rural area;
 - Communities of interest - a group of people who have a common interest, concern or characteristic.
- At least half of the participants in the Festival should be from the local community that the event is based in.
 - For the purposes of the Community Festival Fund, Department for Communities has stated that the following will apply:
 - all Festivals must be culture based, where culture is defined as ideas, customs and social behaviour of a particular people or social grouping
 - all Festivals must demonstrate their commitment to promoting social cohesion, social inclusion, equality of opportunity and good community relations.
 - Project planning is an essential aspect of any successful event – evidence of appropriate project planning, consultation, permissions, licensing, risk assessment etc. will be requested.
 - A key priority is to improve the capacity and sustainability of community festivals within the Borough.
 - If your organisation is successful in securing a grant, your organisation will be contractually obliged to work closely with the Community Development Team in Council, including active participation in any review processes and the provision of monitoring and evaluation information as required.

1.3 Levels of Grant Award

There are 3 levels of grants available within the Community Festival Fund for 2021-22

Community Festival Fund Grant Programme	Maximum Grant Amount
1. One day community fun day type events. Events must be programmed to be of at least 4 hours consecutive duration and include a range of at least 3 types of activities to suit all sections of the community.	Up to £750
2. Festival events lasting 2 consecutive days or more. Each of the days of the festival must include a range of activities to suit all sections of the community and be programmed to be at least 4 hours duration. It is not enough to simply duplicate the same event on 2 days – the festival must have different activities on each day that it takes place.	Up to £1,500
3. Festivals lasting 3 consecutive days or more. Each of the days of the festival must include a range of activities to suit all sections of the community and be programmed to be at least 4 hours duration.	Up to £3,000

The level of grant awarded will depend on how the project meets the assessment criteria and there is no guarantee that successful applicants will receive the amount applied for. Grants awarded will be up to a maximum of 75% of overall event costs. It is not anticipated that any single grant for a festival would exceed the upper limit, but Council reserves the right to increase the amount if deemed appropriate.

This is a competitive process and all grant awards will be determined on the basis of merit. Applicants are advised that organisations that have been successful in securing Council funding in the past will not automatically be guaranteed funding in the future. Council reserves the right to reduce the amount of funding awarded if we do not consider that the amount applied for represents value for money or if the level of applications exceeds the budget available.

Please Note: Groups will have to provide all evidence requested once the project expenditure is complete. This will include receipts, bank statements, or any other documentation deemed necessary. This list is not exhaustive. If requested documentation is not supplied then payment cannot be made. Please do not apply for funding if you cannot supply these items.

Applications will be considered for festivals operating between 14th October 2021 and 31st March 2022.

Applications are restricted to no more than one per organisation in any financial year.

1.4. General Principles

In line with Council's Grant Funding Policy the overarching principle for all Council grant funding is that of meeting local needs which have been identified and prioritised by Council or by others but acknowledged by Council. - Applicants must demonstrate their commitment to promoting Good Relations and Equality of Opportunity.
- In the interests of transparency, equality and accountability all applicants will have a right of appeal should their application be rejected.
