# Why we want you to recycle more at HRCs

People in Northern Ireland are recycling more and more each year. In 2018 Northern Ireland sent 48% of materials for re-use or recycling which is great news, but we need to do more to meet UK targets to recycle 65% of our waste by 2035.

We currently recycle 46% of our waste but a recent study of our Household Recycling Centres (HRCs) found that much more of the waste could be recycled. Recycling more will mean reducing the cost of landfill and helps benefit businesses in Northern Ireland who rely on our recycled paper, glass, plastic, food waste and many other materials.

---

## What this means for you

From 1st April 2019 anyone visiting a HRC will be expected to have pre-sorted their household waste for re-use and recycling. Our site staff will advise you about which containers to use to maximise your recycling. This may include staff asking you to open bags to show that they do not contain recyclable materials. Disposal of recyclable items in general waste skips is no longer permitted if the option to recycle exists.

**Please retain this guide** which lists the wide range of materials that can be recycled at your local Household Recycling Centre.

# What you need to do when visiting

**To make your trip to the Household Recycling Centre (HRC) as quick and easy as possible please follow the simple steps below:**

**Sort** recyclable and non-recyclable materials at home. Disposal of recyclable items in waste skips is no longer permitted.

**Organise** your recyclables and waste in your vehicle so that when you visit the HRC you can place items in the correct containers. This will make your visit much quicker.

**Re-use** items when and where you can - look out for relevant containers. Your local charity shop may also want your reusable items.

**Talk** to our staff – if you are unsure about what can and cannot be recycled please ask, our staff will provide advice on which container to use.

## A wide range of materials can be recycled at your local HRC:

	aerosols		batteries		books		car batteries
	cardboard		cartons		cooking oil		used engine oil
	fridges & freezers		food & drink cans		furniture		garden waste
	household plastic packaging		large appliances		mixed glass		mixed light bulbs
	mixed paper		mobile phones		mixed textiles & clothes		paint
	scrap metal		small appliances		wood & timber		tvs & monitors

**Note:** Gas bottles can be recycled at Ballymoney and Carneatty. Rubble can only be recycled at Coleraine, Crosstagherty (Ballymoney), Dungiven, Kilrea and Limavady household recycling centres. Hard plastics can be recycled at Limavady only. Soil can be recycled at Crosstagherty only.

	gas bottles		hard plastics		soil		rubble
