1. Introduction

The Enterprise Fund is about developing those young businesses that need assistance in taking the next step in their growth plan. This may be funding towards a new piece of equipment, developing I.T. infrastructure, implementing a significant marketing campaign, product and design development and so forth.

This fund is aimed at supporting businesses, with a track record of two years or less, to address barriers to growth using innovative approaches.

You may find it helpful to discuss your project with a member of staff within Council's Economic Development Team before submitting your application:

1.1 Purpose of grant programme

Council recognises the incredible entrepreneurial spirit of many people across the Borough who have established businesses which contribute towards the economic prosperity of the area. In order to support a new generation of entrepreneurs, Council has established an annual fund – the total of which is variable, and dependent on available budget - to support young businesses that have been trading less than two years.

1.2 Strategic Fit

The fund links to Council's Corporate and Community Plans under the following themes:

Council Strategic Theme: Accelerating our Economy and Contributing to Prosperity

Council will work with its partners to maximise business start-up opportunities and encourage existing enterprises to grow and prosper.

Community Planning Outcomes:

Population Outcome

All people of Causeway Coast and Glens will contribute to and benefit from a thriving economy built on a culture of growth, entrepreneurship, innovation and learning.

Outcome

The Causeway Coast & Glens area provides opportunities for all to contribute to and engage in a more prosperous and fair economy.

If your application is successful, you will be contractually obliged to provide information to Council's Economic Development Officers. This will include monitoring progress and expenditure incurred, discussing challenges or obstacles and fulfilling the reporting requirements stipulated in the Letter of Offer.

Please do not apply if you cannot fulfil these requirements.

1.3 Level of Grant Award

The Enterprise Fund can provide funding of up to 100% costs up to a maximum of £5,000. The total cost of the project must not exceed £10,000. Match funding is not a requirement. Applicant businesses must be in a position to pay for items and claim the money from Council retrospectively.

This is a competitive process and all grant awards will be determined on the basis of merit. Applicants are advised that organisations that have been successful in securing Council funding in the past will not automatically be guaranteed funding in the future. Council reserves the right to reduce the amount of funding awarded if we do not consider that the amount applied for represents value for money or if there are insufficient funds available to meet the request.

Please Note: Successful applicants will have to provide all evidence requested once the project expenditure is complete. This will include original receipts, business bank statements, or any other documentation deemed necessary. This list is not exhaustive. If requested documentation is not supplied, payment will be withheld. Please do not apply for funding if you cannot supply these items.

1.4 General principles

In line with Council's Grant Funding Policy, the overarching principle for all Council grant funding is that of meeting local needs which have been identified and prioritised by Council or by others and acknowledged by Council. Any activity that cannot be shown to meet the following basic requirements will not be provided with funding:

- Have a clearly identified need i.e., the application addresses barriers to growth which the business faces.
- Can deliver outcomes which meet this need.
- In the case of this funding, deliver improved profits, increased employment, entry into new markets, cost effective and quality service provision, fitting with the purpose and remit of the funding.
- Be undertaken by a credible, viable business with the capacity to deliver the project as stated.
- Reflect the statutory remit of Causeway Coast and Glens Borough Council aligning with the Council's Corporate Plan, the relevant Service Plan and meets the specific criteria of the fund.
- Applicants must demonstrate their commitment to promoting Good Relations and Equality of Opportunity.
- In the interests of transparency, equality and accountability, all eligible applicants will have a right of appeal should their application be rejected.
- While all applications are treated on the basis of merit, Council would particularly welcome applications from young people, women and under-represented groups from Section 75 groupings.

All projects must be completed, paid in full, cleared the business bank account and claimed before **Friday 17th February 2023**. There is no provision for extending this deadline.
