

### What do you think?

Name \_\_\_\_\_

Address \_\_\_\_\_

1. Do the proposals meet the overarching aim to 'provide a safe, accessible, attractive and well connected place for people to live in, work and visit?' Yes  No

2. The footway from Bath Terrace to Ramore Road will be revitalised to provide a promenade feel and include attractive seating areas, interpretive art and lighting as illustrated on the consultation panel. Would this refurbishment encourage you to use the promenade more? Yes  No

3. Throughout the Town Centre the footways are being widened and safe pedestrian crossing points provided. Parking has been reorganised to create the wider footways with a small loss of spaces

(a) Are you in favour of creating a high quality pedestrian friendly ambience to the street by day and by night Yes  No

(b) Should we remove more car parking to provide an even better pedestrian environment? Yes  No

(c) There is proposed two-sided parking between Causeway View and Antrim Gardens. If the parking on the Antrim Gardens side was removed it would open views to the sea and gardens. Would you be in favour of this? Yes  No

4. Junction Improvements

Are you in favour of the following?

(a) Displacing the majority of traffic using Main Street to Mark Street? Yes  No

(b) Reconfiguring the traffic junction at Main St/Causeway Street in favour of Causeway Street and creating a controlled pedestrian crossings. Yes  No

(c) Reconfiguring the traffic junction at Station Square-Option 1 Yes  No

(d) Reconfiguring the traffic junction at Station Square-Option 2 Yes  No

(e) Make Main Street between Church Pass and Causeway Street a pedestrian priority area over the summer period? Yes  No
