6 **BIG TELLY** Our Resident Theatre Company

Formed in 1987, Big Telly is the longest established professional theatre company in Northern Ireland and we are delighted that their 'home' is now at Flowerfield Arts Centre.

More than theatre making, the company collaborates with more partnerships, artists, communities and places than ever before, across more artforms and in a huge variety of ways. It creates work to animate public spaces, spark regeneration and imagine new futures.

At the heart of Big Telly's ethos is innovation – exploring new ways and new places to engage people with performance. Often where they least expect it.

It has become a specialist in creating multi-site immersive theatre games (Merchant Quest, Newry, Degree of Danger, University of Ulster) and this summer toured the extraordinary 'Operation Elsewhere' – a mythical quest based on Tir na n'Og, played by audience teams.

In addition to its flagship 'Creative Shops' programme and other truly community focused work, the company maintains its professional and touring programme and

love of new writing - this year with 'Freak Show' which premiered at the Belfast International Arts Festival and tours all Ireland in March.

2019 is another busy year. Big Telly presents the 1980's classic 'Bouncers' as a co-production with the MAC in Belfast in April, tours a new piece of work about 'Time' in collaboration with Queen's University Belfast & Warwick University, and partners with CC&GC to produce a visual art and audio installation trail celebrating the heritage of the area.

There will be much more. Keep up to date with Big Telly's work. Sign up on www.big-telly.com, Facebook [bigtellyni](https://www.facebook.com/bigtellyni) and Twitter [BigTellyNI](https://twitter.com/BigTellyNI).

Widely considered Britain's most popular artist, David Hockney is a global sensation with exhibitions in London, New York, Paris and beyond attracting millions of visitors worldwide. The latest film in the Exhibition on Screen series allows up-close access to this 21st-century master and his two recent hugely successful landmark exhibitions held at the Royal Academy of Arts in London.

Featuring intimate and in-depth interviews with Hockney, the film offers rare insight into the man behind such iconic works as *A Bigger Splash* and *A Closer Grand Canyon*. In the film, Hockney reveals anecdotes from across his artistic and personal life - from his first trip abroad to Egypt in 1963, to the effects of the death of his close friend Jonathan Silver in 1997, right up to today. Directed by Phil Grabsky, this is a great film for art lovers and art students aged 15+.

RENOIR, REVERED AND REVEILED**Thursday 21 February, 11am & 3pm****Tickets: £5 (group booking discount available for schools)**

Known and loved for his impressionist paintings of Paris, the work of Pierre-Auguste is world-renowned. Renoir, however, grew tired of this style and changed course. This stunning film – based on the remarkable collection of 181 Renoirs at the Barnes Foundation in Philadelphia – examines the direction he then took and why it provokes such extreme reactions right up to today. Some claim they are repulsed by Renoir's later works and some claim they are seduced. What may surprise many is that among the many artists who sought Renoir's new works out and were clearly highly influenced by them were the two giants of the 20th century – Picasso and Matisse. The film is a fresh new biography of this artistic giant but more than that it uncovers a rarely told story that places Renoir as a critical link between the old and the new. Written and Directed by Phil Grabsky, this is a great film for art lovers and art students aged 15+.
