1.0 Purpose of Report

- 1.1 The purpose of this report is to advise of additional in year funding to be provided by the Food Standards Agency to assist with EU exit preparations in relation to statutory food safety delivery functions.

2.0 Background

- 2.1 Members will recall a previous report item October 2019 that following discussions between EHNI and the FSA regarding potential impacts on food enforcement delivery functions as a result of EU Exit, the FSA made a bid to the Department of Finance on behalf of the 11 district councils within Northern Ireland.
- 2.2 This initial bid was successful and a letter of offer dated 6th September was received in the sum of £53,957.13 for this current financial year to be paid in two instalments. The funding is ring fenced for food safety delivery functions and relates to any additional work that district councils need to undertake in their planning preparations for the UK leaving the EU.
- 2.3 Further to the recent submission of an expenditure return and forecast spend for December 2019 to March 2020, the FSA have offered an additional £13,377.60 to be used within the current financial year.
- 2.4 Acceptance of the offer was time bound with a response requested by return identifying how the money was to be used. This was submitted and accepted with notification of the first instalment received.

3.0 Recommendation

It is recommended that the Environmental Services Committee notes the above acceptance of the additional funding specific to this function.
