<p><b>Written representation summarising key points to be addressed and supplementary information in support of your case (minimum font size 10 and maximum length two sides of A4 page).</b></p> <p>Refusal of this application seems to hinge on opinion that site is too prominent on approach from the west. We would disagree. On the approach from the west the high banked roadside verge and hedgerow will limit the views to the proposed single storey dwelling especially if dwelling is set back as far as possible on site. There will only be a fleeting view of the site. The ground to the rear of the site actually rises in the medium distance meaning that views to the site from further distances will not render it skyline development. Glebe Road is a very minor road and is only used for limited local access as the ford crossing is a deterrent for other road users. I believe there is a need to look favourably on genuine farm dwellings ( as backed by previous Ministerial statements ). This farm dwelling is an absolute necessity for the farmer to continue his business ( mainly sheep rearing )</p>
