Grateful if you would consider this email for inclusion in the papers regarding the planning application stated above.

I am a local resident and live at the end of the footpath which is reference in this proposed application for closure. I object to the closure of this footpath and wish to have the following noted:

- a. I have not witnessed nor have I been made aware from any other residents of any antisocial behaviour occurring at or near the footpath.
- b. Regarding its use, my house faces the entrance to one end of this footpath and I observe both neighbours, and residents who live outside of Knockanbaan, utilising the footpath at all times of the day. My family uses this footpath on a daily basis.
- c. The path is used both during the day and at night. I have no sense of this path being unsafe to use.
- d. Prior to receiving the Neighbour Notification regarding this application, in March 2023, I was not aware of this planning application being made.
- e. Neighbours, who I have mentioned the possible closure of this footpath, were not aware of this application either and have expressed surprise that the footpath could be closed.

Regards
Peter Nicholl

Resident at 10 Knockanbaan
