

Addendum

LA01/2019/0922/F

1.0 Update

- 1.1 Following the publishing of the Planning Committee agenda, a further 51 objections have been received and circulated to members. The letters have raised no new issues:
- 1.2 These letters have been uploaded to the Planning Public Register for information and the issues raised have already been considered within the report.
- 1.3 1 further comment has been received in relation to the contents of the “Speaking Rights Template” of the agent. In accordance with the “Protocol for the Operation of the Planning Committee”, Section 10.12 (v) allows for representations on behalf of applicant, agent or those in support to be presented at the Planning Committee. While those making representations, whether in support or against an application, are reminded to keep to planning issues, it is a matter for those presenting as to what information they present. It is a matter for the decision maker to determine whether these issues can be considered as material considerations and if so, what weight should be attached.

3.0 Recommendation

- 3.1 That the Committee note the contents of this Addendum and agree with the recommendation to refuse the proposed development in accordance with paragraph 1.1 of the Planning Committee report.
