

Proposed Safeguarding Children & Young People Policy and Procedures and Safeguarding Adults Policy and Procedures Safeguarding Consultation

Overview

The above draft policies have been developed / amended in conjunction with the NSPCC to reflect the practices within Causeway Coast and Glens Borough Council.

The purpose of these policies and their respective associated procedures is to help protect the children, young people and adults at risk who use our services and to ensure that Causeway Coast and Glens Borough Council employees, agency workers, volunteers and elected members are aware of issues that can cause children & young people and adults at risk harm, and take effective action to protect them. By complying fully with these policies and procedures, Causeway Coast and Glens Borough Council seeks to ensure that employees, agency workers, volunteers and elected members are also protected whilst carrying out their duties.

Causeway Coast & Glens Borough Council is currently working with four Legacy Child Protection Policies and an absence of a Safeguarding Adult Policy which is problematic.

These new Safeguarding policies and procedures will provide a one stop shop and enable all facilities and services to adopt the appropriate designated policies. These policies and procedures will also include a training package with 3 identified levels within the organisation, Level 1 Introductory awareness training for all employees, Level 2 training for operational staff within a Leisure Environment and Level 3 Designated Officers Training for Reporting Officers.
