DIGITAL SURGE PROGRAMME

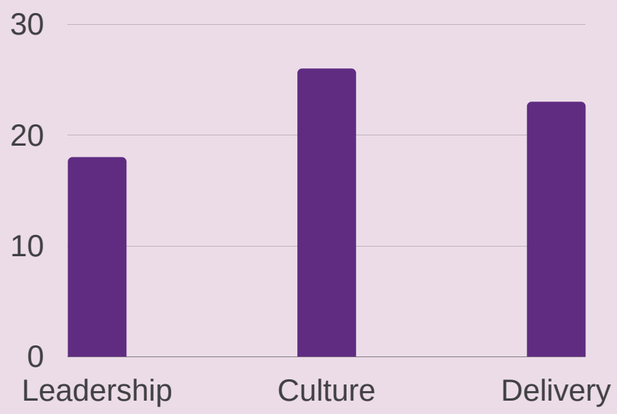
Demystifying Industry 4.0: the case for transformative technologies.

Digital technologies have the potential to revolutionise how organisations, no matter how small, operate and help them to be more **precise, efficient & sustainable.** Digital technology can also make rurally based jobs more attractive to **younger generations**.

Digital technologies are key for making **rural communities more attractive, smart & sustainable** as well as for **reducing problems related to remoteness** & **improving access to services.** (*The European Commission*)

The fully funded Digital Surge Programme will give you access to advanced technology experts who will provide the support you need to discover how to fundamentally change how you operate & deliver value.

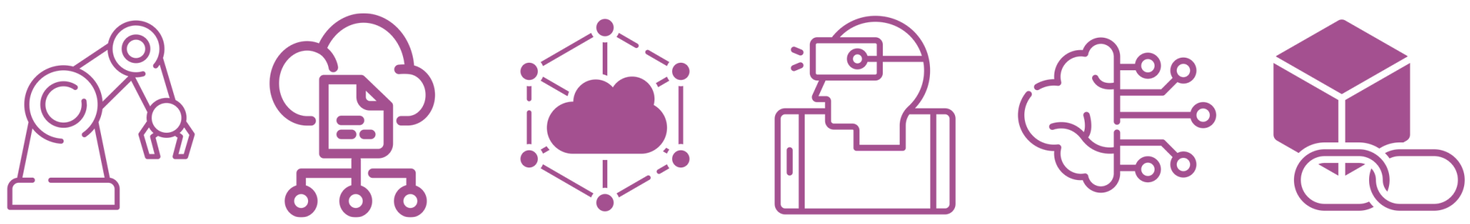
WHAT'S INCLUDED IN THE DIGITAL SURGE PROGRAMME



A diagnostic report outlining an innovation & digital transformation plan written for you

A digital acceleration plan produced for you and routing to more intensive supports & funding.

6 DAYS OF MENTORING SUPPORT FROM ADVANCED TECHNOLOGY EXPERTS



Robotics | **Big Data** | **Internet of Things** | **Immersive Tech** | **Artificial Intelligence** | **Blockchain**

AND the opportunity to take part in:

- **Innovation Workshops** (conveying the fundamentals of innovation & digital transformation)
- **Advanced Technology Showcases** (Demonstrating the art of the possible and demystify the technologies).

NEXT STEPS

The Digital Surge Programme is open to companies based in Northern Ireland, from any sector, with under 50 employees. You can find the **expression of interest form** using the QR code.

THIS PROJECT IS PART FUNDED BY INVEST NORTHERN IRELAND AND THE EUROPEAN REGIONAL DEVELOPMENT FUND UNDER THE INVESTMENT FOR GROWTH & JOBS NORTHERN IRELAND (2014-2020) PROGRAMME.
