Covid-19 Guidance

1.0 Introduction

Causeway Coast and Glens Borough Council is committed to supporting event organisers, with new/or existing events, which are based in the Borough. Events may have a single theme that attract visitors to the area and enhance the profile of the Borough through positive media coverage. The Large Events Fund is part of the Tourism Event Funding Programme (TEFP) and provides financial assistance to events taking place throughout the Borough.

Council recognises the impact of the Covid-19 pandemic and the ongoing effect on event organisers to deliver event programmes and festivals in an ever changing environment. With this in mind Council have integrated more flexibility and adaptability around event programming and delivery for TEFP 2022-23.

Therefore parameters and eligible costs have been set out to encourage both event development and sustainability for existing events as well as to encourage innovation and creativity from New event organisers, all against a backdrop of nurturing public confidence in a Borough which is renowned for setting the stage for world class events.

You may find it helpful to discuss your project with an Officer within the Tourism Events Team before submitting your application:

Gareth Fall 077 1223 5744 gareth.fall@causewaycoastandglens.gov.uk

Or if you require assistance in the completion of the application form you may find it helpful to speak to a member of the Funding Unit:

Christopher Dunne 079 2503 6162 grants@causewaycoastandglens.gov.uk

Context

Causeway Coast and Glens Borough Council recognise that as part of post-Covid recovery there is a need to allow event organisers to have flexibility in outputs. It is important to support our events sector as they will play a massive part in reinvigorating our tourism offering as we adapt to changes in trends both from the visitor and from the business sector. It is likely in the short to medium term that the demand will be from closer-to-home markets. As a destination it is therefore important to safely showcase our events offering with fresh ideas for delivering exceptional events that promote the Borough as an all in one experience to stay and play which will in turn generate economic benefit for the area.

Key features of this fund include:

- Tourism and economic targets have been revised to allow for greater flexibility of outputs
- The return of 'live' events in the form of mass gatherings that allow for the safe return of audiences and which also allows for flexibility to adopt a hybrid delivery approach with both 'live' physical attendance and 'hybrid' online event programming.
- The event must run, either as a 'live' event with an in person audience or as a 'hybrid' event with both in person event attendance and online event engagement.

1.1. Purpose of Grant Programme

Causeway Coast and Glens Borough Council's Tourism Event Funding Programme (TEFP) provides event organisers with financial assistance which supports the delivery of the Destination Management Plan.

The Council is seeking to provide financial support for events that align themselves to key priority areas such as; Cultural Tourism, Music / Food Tourism and Sports and Activities (tourism related).

The key objectives to supporting and sustaining tourism events will be to:

- Assist with project costs that will provide event delivery, sustainability and skills retention within the organisation
- Support events to future plan for the safe return of event delivery in 2022-23, adhering to the latest Covid-19 guidance for staging events and mass gatherings
- Allow event organisers to scenario plan for varying levels of event delivery if planning their event in full or in a reduced format during 2022-23
- Support the local events sector to include artists, suppliers and event professionals recovering from the Covid-19 pandemic
- Enhance the profile and appeal of the Causeway Coast and Glens Borough Council area e.g., through media and marketing campaign/exposure focussed on the domestic market
- Promote a quality visitor experience to the domestic market and promote confidence in engaging with events in light of Covid-19

Note: a 'visitor' for a tourism event as 'someone who comes to spectate or attend the event. They can either buy a ticket to attend the event or gain free entry, anyone who participates in the event or makes the event happen is deemed a participant and not a visitor.

- Support the wider economic recovery of the tourism events sector within the Borough of Causeway Coast and Glens
- Generate economic benefits for the Causeway Coast and Glens area (where possible) through increased visitor numbers, bed nights and spend

1.2 Overview of fund

The Tourism and Recreation Large Events Fund will offer financial support to eligible events taking place between 1 April 2022 and 31 March 2023.

Large Tourism and Recreation Events Fund parameters

Events must satisfy the parameters below to apply for the Large Tourism and Recreation Events Fund:

- Events with an overall budget in excess of £30,000 (In-kind support / Volunteer time must not be included in the budget; Additional Council support such as infrastructure, barriers etc. must not be included in the budget). Maximum award - £100,000
- Total visitor numbers greater than 3,000 (Previously 5,000). Visitor numbers subject to Northern Ireland Executive Covid-19 legislation and guidance around events and mass gatherings. (Participants at the event cannot be included in your visitor numbers. For example if there is a competitive element, the competitors cannot be counted as visitors).
- The event must take place over a minimum of 2 days, events must have a start and end date and run for consecutive days. Events should encourage overnight stays where possible (The event must last for a minimum of 5 hours on each day).
- *No requirement to demonstrate return on investment. (In previous years a 5:1 return for the Large Tourism Event Fund on Council funding was expected).*
- Events must demonstrate how they will promote the Causeway Coast and Glens as a tourism destination through branding, marketing and media activities. Details should be provided within your marketing plan.

Marketing campaign - Events will be expected to ensure that any marketing or communications showcase the Causeway Coast & Glens as a destination for visitors. This applies to the domestic market only. Marketing activity should strongly promote and encourage 'Staycations' from all target markets. Events will be given flexibility to enhance their marketing profile, possibly using a 'hybrid' approach and therefore considering virtual delivery as a potential method of achieving certain outputs.

- In-kind support / Volunteer time must not be included in the budget

1.3 Levels of grant award

Tourism Large Events Fund	Maximum Grant Amount
Up to 50% of total project costs of the event	£100,000

The level of grant awarded will depend on how the project meets the assessment criteria outlined in section 3.3, the available budget and the number of applications. There is no guarantee that successful applicants will receive the amount applied for.

Please Note: You will have to provide all evidence of project expenditure, including receipts, invoices, bank statements, or any other documentation deemed necessary. If requested documentation is not supplied then payment cannot be made. Please do not apply for funding if you cannot supply these items.

1.4 General Principles

All applicants should take a responsible approach to the organisation and staging of their event and ensure that:

Appropriate insurance is in place to cover the preparation and staging of the event. It is advised that Public Liability cover of at least £10 million indemnity is in place for large events. Council will request evidence that the event Public Liability and Employers Liability Insurance cover is being reviewed to ensure that it is inclusive of pandemic cover (this will be requested at Letter of Offer stage). Failure to do so may result in the withdrawal of any grant offer.

See table overleaf for insurance limits:

Third Party Insurance Checking

Third Party Insurance guidance from Council's Insurance Broker.

Employers Liability	£10,000,000 as standard
Public / Products Liability	Depends on the contract / nature of activities though ideally should be:
Low Hazard	Min £2,000,000 – eg meeting rooms, community volunteer groups, market stalls, lease of shop units etc.
Medium Hazard	Min £5,000,000 – eg activities involving hot food, physical activity, minor contracts etc.
High Hazard	Min £10,000,000 – eg fairground operators, bouncy castles / inflatables / trampolines, motorized sports, water based sports, contact sports or dangerous activities, large contracts involving heat, firework displays, marquees, traffic management, first aid etc.
The above limits and examples of types of activities are guidelines only – insurers would expect you take a common sense approach in order to protect Council's interest.	

- Due diligence and good practise is applied to all health and safety issues
- Relevant risk assessments have been completed and evidence of same made available for inspection.
- Statutory consents, licences and approvals have been obtained where appropriate
- Measures are in place to mitigate negative environmental impact eg, waste management, reinstatement of venues.
- Policies covering child protection and vulnerable adults are in place and evidence of appropriate checks is made available for inspection.
- All applicants should be prepared to provide to Council, at least 14 days prior to the commencement of the event, copies of all relevant documentation. Failure to do so will result in the withdrawal of any grant offer.
- Each grant fund is limited and subject to availability of funds. Therefore, as a competitive process all grant awards will be determined on the basis of merit. Applicants are advised that organisations that have been successful in securing Council funding in the past will not automatically be guaranteed funding in the future.
- Where an event is responsible for the employment of staff, employment conditions and practices must comply with all the relevant employment legislations and should take account of current good practice in relation to employment rights and equal opportunities.
- Under Section 75 of the Northern Ireland Act 1998 Causeway Coast and Glens Borough Council encourages applicants to have due regard to the need to promote equality of opportunity for all and to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.
- In the interests of transparency, equality and accountability all applicants will have a right of appeal should their application be rejected.
