The Northern Ireland Executive has put in place revised arrangements for marriage and civil partnership ceremonies, for a 4 week period, from 19 October 2020. The arrangements are as set out in and the Health Protection (Coronavirus, Restrictions) Regulations (Northern Ireland) 2020.

What are the new restrictions?

From 19 October:

Marriage and civil partnerships are limited to 25 people. This number includes the couple, witnesses, officiants and all guests (including children under 12).

Receptions and post ceremony gatherings are **not** permitted.

Can we hold our wedding in a private dwelling?

No mixing of households is allowed at a private dwelling, therefore a ceremony may not be held indoors at a private dwelling as the registrar would not be allowed to enter the premises.

Outdoor gatherings at a private dwelling (including the garden of a dwelling) is restricted to six people from two different households. Children aged 12 and under from those two households are not counted in this total.

Are there any exceptions?

A marriage ceremony or a civil partnership ceremony can take place in a person's home if one of the parties is terminally ill, with 10 people in attendance (this includes the couple, two witnesses and the officiant).

The Executive is aware that couples may have a range of questions about what they can and can't do on the day. The following information provides answers to some of these questions and is based on the restrictions as they currently stand. They should be followed to limit the spread of COVID-19. It is appreciated that these are not normal times and couples will want to think very carefully about their arrangements in the coming weeks. It might be the case that some aspects of guidance and arrangements can be relaxed over time, but it is also important to remember that restrictions may need to be put back in place if the community transmission rate increases.
