Proposed by Councillor Baird, Seconded by Alderman Hillis

“Causeway Coast and Glens Borough Council covers a large geographic area with disparate communities at its heart. The Reform of Local Government has integrated the work of four Districts into one large organisation and as such it is important to ensure that our citizens are kept fully informed of Council business and events in the area. In order to ensure good communication with our electorate we propose that Council produce two news sheets annually to be distributed to each household in the Borough.

We further propose that the news sheets are distributed in conjunction with bin collection similar to the methodology employed by the former Moyle District Council. This will ensure the news is delivered in an effective and cost efficient manner”.
