1. THE MAYOR'S BUSINESS

The Mayor opened the meeting and addressed Council:

"I would like to congratulate the NI Women's Football Team on reaching the 2022 European Championship finals to held in England next summer and especially commend two local players Lauren Wade and Chloe McCarron for their part in the teams success.

As you know recent days have seen Covid restrictions relaxed and life returning to our towns and villages. This is very welcome and I would remind everyone to support our local traders while continuing stay safe by following the health guidelines.

This week has seen the launch of Council's NI 100 commemorations with a special church service at St Patrick's in Coleraine. This offered us an opportunity for thanksgiving and reflection on 100 years of Northern Ireland.

Our programme of events marking the anniversary has also been announced, with Council creating a wide range of initiatives, civic events and exhibitions which will be taking place between now and the end of the year. I was particularly pleased to present the first civic gifts of bespoke commemorative coins to residents of the Borough who celebrate their 100th birthday in 2021.

A highlight in this programme is the online exhibition of 100 Famous Sons and Daughters of the Causeway Coast and Glens, which is now available to view. Nominated by the public, these are people past and present who have made enormous contribution to all facets of life.

I hope that through our NI 100 programme we can celebrate what makes Causeway Coast and Glens a truly unique place and develop a shared understanding in a way that builds good relations.

Today I planted a native oak tree in each of the Seven District Electoral Areas to mark The Northern Ireland Centenary.

Cloonavin is light up this evening in red for Firefighters' Memorial Day - 4th May- which honours the sacrifice of firefighters who have lost their lives in the line of duty. It is important to acknowledge the courage and dedication of generations of firefighters, including those who serve today."

4. MINUTES OF COUNCIL MEETING HELD TUESDAY 30 MARCH 2021

Minutes, previously circulated.

Matters Arising

4.1 At the request of Alderman S McKillop the following points of accuracy were noted:-

Item 8.1 – Matters Arising from Audit Committee Meeting held Thursday 10 March 2021

Item 10 – Absence Report Months 1-9 2020/21

Alderman S McKillop requested data was brought back to the Audit Committee to gauge the effectiveness of Inspire support offered to staff from inception of Causeway Coast and Glens to present day.

Item 12.2 – DfC Terms of Reference for Extraordinary Audit 2019/20

Alderman S McKillop requested that it be noted that all elected Members received papers for the Audit committee at the same time.

Item 14 – Internal Audit (Causeway Coast and Glens Borough Council) Corporate Credit Card 'In Committee'

Alderman S McKillop asked for Fraud Training to be provided to all employees because of the adoption of the new whistleblowing policy 'Raising Concerns Policy'.

Item 17 – Whistle blowing/Fraud

Alderman McKillop requested data was brought back to the Audit Committee on all previous whistleblowing cases plus costing from the inception of Causeway Coast and Glens Borough Council to present day.

4.2 Item 18 – Notice of Motion Proposed by Councillor Knight-McQuillan, seconded by Alderman S McKillop

Councillor Knight McQuillan asked for her supporting argument to be included as follows *“Thanks Mr Mayor for accepting motion to be heard tonight. Members you have the motion before you. On reflection this may not reach far enough in relation to women’s concerns. The issue of violence against women and girls is much wider than UK and ROI and I would like to reflect that in the motion, this is global societal issue. More issues of femicide have come to light in USA in recent days. Timing of motion was triggered as a result of the tragic disappearance and abhorrent murder of Sarah Everard in London. I refer also to a recent call for action by Women’s Aid to introduce Violence Against Women and Girls Strategy. Both of above while not related highlight need for action. NI is only part in UK not to have a Strategy of Violence Against Women and Girls and needs addressed so I ask that council support this call. In Northern Ireland in 2019/20 there were 32,000 incidents of domestic abuse, 17 percent of all crime reported. In 2017 Northern Ireland had the highest rates in femicide in the whole of Europe per head of population with 2300 domestic incidences per year – with 1,000 assault or criminal damage. These figures do not reflect 2020 taking into account the pandemic*

Many incidents of violence against women and girls often goes unreported for fear of consequences or having to re-live events. Also, new forms of abuse have emerged ie cyber flashing and up skirting to name but a few. This is course not all a new issue as violence against women and girls is historic with high profile cases in the past of disappearance murder and torture women and girls in Northern Ireland with bodies never found for years and sometimes found as far away as Republic of Ireland.

The impact of violence in extreme is re-lived by families daily and we cannot dismiss the fact that many women and girl survivors suffer alone and are scared to come forward due to exploitation against them or the

fear of not being taken seriously or labelled and not protected. There is a need for preventative and supportive measures to ensure better outcomes and management of crimes and Women's Aid have also campaigned for better measures.

This motion is not in any way not aimed at minimising issues experienced in relation to men and boys which should not be discounted, however statistics cannot be ignored. The outworkings of this Motion sit within the aims of the recently established Womens group task force which would avoid an additional burden on committees or officers. I am asking Members to support this strategy and note the recent public acknowledgement in recent weeks by First and Deputy First Minister, We all have a part to play.”.

***Alderman Finlay left the meeting at 7.30 pm**

7.3 Item 13.1 – Correspondence from North Coast World Earth

Amendment

Proposed by Councillor C McShane
Seconded by Councillor Mulholland

To recommend that over next period of time as we emerge from pandemic and while we encourage stacation and visitors to Causeway Coast and Glens area that we keep the environment clean and have regular emptying of bins to include additional staff resource

if necessary;

To recommend that Council invite North Coast World Earth to present to the next Environmental Services Committee meeting.

Some Members felt that this was not the forum for discussion of Environmental Service budgets and not relevant to the correspondence item raised whilst others felt that this matter needed consideration as a priority given the increased litter problems.

The Director confirmed to Members that he had been approached by elected Members regarding an increased environmental resource and further confirmed that as a result of eatery closures there was a demand on his staff which was problematic, also referring to complaints received. The Director explained that he had informed those Members that additional frequency of litter bin emptying and additional staff would inevitably come at a cost,

Councillor C McShane said that she had written to Senior Management and the relevant Head of Service regarding a need for additional resources to adequately provide the environmental services required at this time given the mammoth task facing staff at busy periods and the fact that restaurants are closed and confirmed that the Director had advised her that the support of elected Members would be required should additional resource be required.

Councillor C McShane referred also to vandalism and anti-social behaviour affecting public toilets in Ballycastle.

***Councillor McAuley joined the meeting at 7.35 pm**

Councillor MA McKillop asked if wombles could be spread more evenly around the borough to include the Glens area. The Director of Environmental Services confirmed that while the triangle area is primarily covered there are wombles working in all areas of the Causeway Coast and Glens Borough Council.

Seconded by Councillor Chivers and

RESOLVED – that the Minutes of the Environmental Services Committee Meeting held Monday 19 April 2021 are adopted and recommendations therein approved including recommendationI at 7.1 and amendment at 7.3 above.

8. MINUTES OF LEISURE AND DEVELOPMENT MEETING HELD TUESDAY 20 APRIL 2021

Minutes, previously circulated.

Matters Arising

8.1 Item 8 – Dunluce Centre

Proposed by Alderman Hillis
Seconded by Councillor Watton

To recommend that given the huge public interest in the potential disposal of Metropole Park that the ‘disposal of land’ issue only, be discussed ‘in public’ and that no reference be made to developers, finances or contract details during debate.

Councillor Nicholl felt that legal advice should be sought in relation to the Proposal and the Mayor agreed to take a recess to seek legal opinion.

The Mayor called a recess at 8.30 pm
The meeting reconvened at 8.40 pm

The Mayor confirmed that Members could discuss issues around the principal

of the selling of 4 acres of land. Alderman Hillis referred to a development brief in 2016 and report last Autumn suggesting that additional lands may be available as part of sale and was surprised to learn that the 4 acres of land was included in the potential sale referred to at the Leisure and Development meeting in April. Alderman Hillis referred to the tsunami of emails from residents. Many Members concurred with Alderman Hillis's remarks and wished the site to remain in Council ownership.

Amendment

Proposed by Alderman Hillis

Seconded by Councillor McQuillan

To recommend that Causeway Coast and Glens Borough Council does not include the additional 4 acres of land as part of the sale and that the area is retained as amenity land for residents and visitors to Portrush.

Councillor Wilson requested a recorded vote.

Councillor Peacock requested a brief recess.

Abstain (9)	Councillors Bateson, Chivers, McGlinchey, McGurk, McLaughlin, McMullan, C McShane, Nicholl, Peacock

As Chair of Leisure and Development Committee, Councillor Nicholl wished to have recorded that he did not agree with the matter being discussed in public and felt that there should have been adequate consultation and engagement

with residents and businesses earlier in the process by elected Members from Causeway DEA area.

Council Holmes felt that comments made by Councillor Nicholl regarding Causeway DEA Councillors should be withdrawn as Members had lobbied on behalf of residents and businesses, however Councillor Nicholl stood by his comments. Alderman S McKillop concurred with Councillor Holmes and wished to have on record that Members were not informed that there could be up to 4 acres of land sold as part of the Dunluce Centre sale and called again for Councillor Nicholl to retract his comments.

8.2 Item 6 – Growth Deal

Councillor McLean felt it would be more prudent from a funding perspective to consider the Greenway Projects individually as Ballymoney to Ballycastle project was solely in Causeway Coast and Glens Borough Council remit and Cushendall/Cushendun to Ballymena project was a joint initiative between Causeway Coast and Glens Borough Council and Mid and East Antrim Borough Council.

The Director of Leisure and Development assured Members that the two projects would be split and have separate SOC and at this early stage the approach was inclusive with costs being indicative. The Director further confirmed that the next stage would be the refining of projects towards a final business case and funding application and a focus on what would achieve inclusive growth.

8.3 Adoption of Minutes

Proposed by Councillor Nicholl
Seconded by Councillor M A McKillop

RESOLVED – that the Minutes of the Leisure Committee Meeting held Tuesday 20 April 2021 are adopted and recommendations therein approved including amendment at 8.1 above.

The Mayor put the Proposal to the Council to vote
33 Members voted For; 0 Members voted Against; 1 Member Abstained
The Mayor declared the motion carried

11. MATTERS FOR REPORTING TO THE PARTNERSHIP PANEL

The Director of Corporate Services provided a verbal update following on from Corporate Policy and Resources committee meeting on 27 April 2021 where she advised that the legalisation for remote meetings was due to expire on 7 May 2021. Council are considering options of facilitating Council and Committee meetings and consideration of the legal options of remote meetings when the legalisation expires had been deferred to the legal team. All options are currently being explored. The Director of Corporate Services asked Members to consider two issues tonight, as follows:-

(1) Venues off site

Members are asked to provide authority for the Chief Executive or his Deputy to investigate and assess venues off site for the purposes of holding a full Council meeting. Authority is also sought that if the Chief Executive or his Deputy considers it necessary and expedient that arrangements are entered into by the Chief Executive or his Deputy to secure a Council venue for the holding of a full Council meeting in June and for the June meeting to actually take place at an off-site venue.

Members will be given a written report on this process and will be given not less than 7 calendar notice of any change of location and the details of location.

This is prompted by the coming to an end of the 2020 Remote Meeting Regulations on holding remote meetings on 7 May 2021 and the need to being able to hold valid meetings that comply with social distancing rules and respond to the evolving Covid situation and guidance from the Executive. Clearly the Chamber cannot accommodate all Members while still complying with the social distancing rules.

and;

(2) Amending the Standing Orders

Members are asked to consider amending the Standing Orders to permit Remote meetings. Again this is prompted by the 2020 Remote Meeting Regulations coming to an end on 7 May 2021.

Proposed by Councillor Holmes
Seconded by Councillor Schenning and

AGREED to delegate authority to the Chief Executive or Deputy Chief Executive to investigate and assess off site venue to facilitate full council meeting; amend Standing Orders to permit remote meetings; bring report to next meeting of Council.

Members enquired regarding remote access for those Members who are shielding or unable to attend Cloonavin for health reasons and for those who wish to continue to attend meetings remotely. The Director of Corporate Services confirmed that legal advice was being sought in this regard and would be included in the report to be brought to Members.

The Chief Executive told Members that a degree of flexibility was required as current legislation was due to expire shortly and pointed to the following possible outcomes in the short term:-

- The Department of Communities put top cover back in place via legislation;
- Avail of large space ie Coleraine Leisure Centre (possible technical issues);
- Place perspex glass in Council Chamber (currently being risk assessed);
- In the absence of legislation amend Standing Orders to enable us to continue in hybrid format.

The Chief Executive stressed that the safety of Members and staff remained a priority as not all vaccines rolled out. The Chief Executive assured Members that whilst challenging at present Members could be assured of the ability to undertake inclusive democratic decision making going forward.

It is recommended that Council consider the correspondence.

Councillor Peacock referring to correspondence listed at 13.2 acknowledged the successful covid vaccine rolled out in Northern Ireland compared with 130 countries who had yet to receive a vaccine and implored Members to sign the EU hosted petition through Google Chrome as a step towards provision of equitable vaccines worldwide.

Proposed by Councillor Knight-McQuillan

Furthermore, his moral and ethical characteristics were an example to all, not just in football, but as a community leader. Bobby was also instrumental in securing the football pitch at Dundarave for future generations of Bushmills United. Following his sad passing in 2020, Bobby was described in the Antrim Guardian as an 'absolute legend' and 'the kindest and most caring person. In recognition of Bobby's life and his commitment and contribution to Bushmills, this Council names the Dundarave Sports Facility as the Bobby Greer Sports Complex, installing appropriate signage. To upgrade the site, officers investigate the options, with the intention of installing floodlighting at both the sports pitch and MUGA'

The Chief Executive advised the Notice of Motion would be referred to the Leisure and Development Committee Meeting.
