The purpose of this report is to provide Members with information on the grants awarded under the Every Body Active Programme.

Background

The Every Body Active Grants Programme is available to local organisations that can both promote and increase participation in physical activity and its development within the Borough.

This funding was previously administered by Sport NI through their Active Awards Programme but has now been transferred to local Councils for distribution. The Every Body Active Grants Programme criteria and the allocation of funding for the programme is predetermined by Sport Northern Ireland. Councils only discretion within the criteria is to determine the maximum amount of funding to allocate for each eligible project.

Project Priorities

Priority is given to projects which aim to increase participation among traditionally underrepresented groups, which include:

- Women and girls.
- People with a disability.
- Those living in areas of greatest social need (specifically people living within the top 25% of wards designated by NI Multiple Deprivation Measure Index 2010).

Applicants must also demonstrate how the grant will be used to contribute towards the Causeway Coast and Glens Community Plan under identified themes. Sport Northern Ireland are a statutory partner within the Community Planning process.

Level of Grant Aid

Grants of up to £1000 are available for eligible projects.
