1.1 Background

Department for communities (DfC) requires Council to record and publish statistics regarding the payment of supplier invoices with specific reference to two distinct measures namely invoices paid within 10 working days and invoices paid within 30 calendar days.

1.2 Detail

These figures are published on a quarterly basis by DfC with Councils required to do likewise. The purpose of the statistics is to encourage Councils to support businesses especially those local and/or small businesses for whom cash flow is of vital importance to their continued survival. In addition as part of Council's performance improvement plan for this year the payment of our suppliers has been identified as one of the performance improvement objectives with a target of 90% of suppliers being paid within 30 calendar days. The tables below detail Council's performance since April 2015 the latest data for quarter 2 of 2016/17 being up to and including 30 September 2016. Council is at present falling short of the targets but we have commenced a review of our procedures in an effort to improve our performance by the end of the financial year.
